GLASS ACT

Color Me Modern. Serene green-living with clean lines and an airy, organic sensibility in the ultimate location. This glass act on the fifth-floor corner with floor-to-ceiling windows on two full walls in the living space lets in soothing natural light and frames downtown views. Think high-def blue skies, town murals + steeples, sunsets, and city lights. A communal spirit animates the kitchen, dining, and family spaces. Every detail radiates high style, function, and comfort: a neutral palette; espresso bamboo floors; granite; Wolf gas range, SubZero refrigerator, and vented hood (all barely used and new in 2024); rich cabinetry; and sleek fixtures including a new Serge Mouille ceiling lamp in the living room and Visual Comfort pendant in the bedroom. The vibe is effortless modern chi. Suite dreams; spa vibes; and a custom, walk-in closet await in the owner's bedroom. Tranquility reigns in baths with a restful palette of tile, stone, and cabinetry creating a collected feel. Everyday delights include a full-length terrace, custom newly-automated shades, newer HVAC (2021), Bosch washer + dryer, and parking space. Totally turn-key, this furnished home includes modern, iconic, authentic, all recently purchased, and barely-used furnishings from Design Within Reach (excluding the walnut Eames stool, terrace furniture, art, sculpture, and pottery). The sky lounge and gym - both just down the hall; theater; and concierge services make it feel like the weekend all week long. Cruise down the elevator and be a short jaunt to satisfy any food or drink craving. Don't miss this green light. Cruise into a tony and elevated, yet totally livable green scene.
