The real estate industry is changing radically — and fast. At The Nice Agent, we see where the industry is headed, and we're proudly leading the way. We believe many elements of the job can never be replaced by software or an app, so our team leverages top tech to empower our agents and improve the client experience. We're looking to support and partner with motivated agents who are ready to evolve and want to embrace this new path. The Nice Agent helps streamline tedious transactional details and provides marketing, legal, and compliance support. Our agents get to focus on building relationships, working their sphere of influence, nurturing past clients, and generating the referral business that's critical to their long-term success.

The training The Nice Agent Co has provided really helped a lot to be successful in the field of real estate.

THE LEADS ARE AWESOME

Leads are so hard to get sometimes, I honestly thought it was a lie at first when I heard TNA would help me with the lead generation process. After a few weeks in, I was shocked when I saw them pouring in. THANK YOU!

HELPED IMPROVED MY CLOSING

This is a bit embarrassing but I was a realtor who couldn't close even to save my life. I absolutely appreciate The Nice Agent for helping me solve this for good.

RECOMMENDED BOOKS TO READ

Why Read?

As a real estate agent, you have an obligation to your clients to do everything you can to smooth the process of selling their home. You are their advocate, the professional they are turning to for help. In order to accomplish this, reading is a necessity.
