RE: Expired Construction Approval: CA2010102783
Property Location: Lovell Road, Stratham #14
Map/Lot: 22 / 82-3

Dear Applicant:

On 11/01/2010, The Department of Environmental Services Subsurface Systems Bureau (DES) issued construction approval number CA2010102783 for the above referenced Individual Sewage Disposal System (ISDS). As noted on the issued Approval for Construction of Individual Sewage Disposal System (ISDS), the construction approval expires four (4) years from the date of issuance or expires 90 days from the date of issuance for a failed system.

This notice is to inform you that construction approval number CA2010102783 has expired. Pursuant to Env-Wq 1003.02(f), DES is required to notify the applicant no less than 30 days prior to discarding the application.

Please note, if you intend to proceed with the activity initially requested, a new application, complete with plans and fee must be submitted.

If you have any questions, please contact John C. Baas, Subsurface Systems Bureau at (603) 271-3501.

Sincerely,

John C. Baas
