The Seller Scoop

Living here has been... | Wonderful. I love the easy access to the interstate and how close everything is. From the grocery store and the gas stations, everything is very convenient. Asheville is not too far away and Weaverville is even closer for shopping at Walmart and other stores like Hobby Lobby, Marshall's, Rack Room Shoes, Big Lots, ect. With the paved drive up to the house it is very easy to get in and out of in the winter if it snows. All of our neighbors are great and very friendly. The 1.25 acres has plenty of potential for making a wonderful outdoor space. We had plans for the graded space beside the house to put in a sandy area with a firepit and a place for us to play cornhole and have a relaxing time. We have loved living here the past ten years and our hope is that the new owners will love it as much as we have!

Room | Plenty of room with a bonus room and a den.

Tree | Wooded lot behind the house that is very nice.

Walk | IThere is a great greenway nearby at Mars Hill University.

Hike | Hike Baily Mountain Preserve in Mars Hill.
