Family member names: John, Kelly, Julia, Madeleine (Maddy) and Isabella

**Pets:** Bailey (Beagle), Georgie (Maltese) and Charley (Schitzu) **Professions:** EVP Emerging Businesses at Q2 (John) and Kelly (mom/housewife)

#### **Favorites**

Activities/Hobbies: John and Kelly – what "free time" we have is spent supporting our daughters in their hobbies

Park/Play area/Hang out: Volleyball gyms and football field stadiums

Vacation destination: Kauai, Hawaii

**Sports teams:** Westlake Chaps Cheer, Westlake Chaps Volleyball and Skyline Volleyball teams

Do you have any family traditions? During the summer, we go on a vacation with just the 5 of us. We love that time together without other distractions. Our favorite place to visit is Kauai. All of us are "beach people". It's truly our paradise.

John also writes a Christmas letter every year to go with our Christmas card. Every year, we always brace ourselves to see what he's written about because he airs all of our dirty laundry and funny things that have happened to us throughout the year in the letter. Everything is true but nothing is very flattering -just real and true life stuff told in a very funny way.

What college/university did you attend? John and Kelly both went to The University of Texas

Where are you originally from? John is from Whitehouse, TX, and Kelly is from Daingerfield, Texas (small-town kids who ran as fast as they could to "big Austin").

How long have you lived in this neighborhood? 4 years

What do you like to do to relax? We love going to the beach

How are you involved in the community? Kelly volunteers at the HS and for her daughter's teams. She is also a past President of The Junior League of Austin. Kelly and daughters are also all active in National Charity League (NCL). Oldest daughter, Julia, co-founded a Non-profit (GEO) to support girls in Africa. She is currently the Vice President of Philanthropy for her Sorority (Pi Beta Phi and UCSB). Madeleine (incoming HS senior) will take over as President of the organization this year. Madeleine also co-founded Students Supporting EEF. They support the efforts of EEF by getting students involved. Isabella will join both GEO and Students Supporting EEF this coming year as a freshman at WHS.

#### If you have kids, what activities are they involved with?

Julia played volleyball for years but she is now in her version of heaven – college at University of California Santa Barbara. Julia is very active in her sorority and is currently serving as the VP of Philanthropy. She also loves to surf and is working on her surfing in her spare time.

Madeleine is a Varsity Cheerleader at WHS. In her spare time, she also enjoys wake surfing and anything else she can do that resembles surfing.

Isabella was a cheerleader at WRMS middle school and is a volley-ball player and recently made the JV team at WHS. When she's not in the school season, she's in club season and plays for Austin Skyline Juniors. Isabella also loves to surf – she just doesn't get to do it as much as she would like at this point in her life.

What is your favorite part about living in your neighborhood? We're close to a lot of friends and we feel like it's easy to get places from our neighborhood. John also really enjoys our lot because his favorite thing to do is work in the yard and we have a nice yard to keep him busy.

Would you like to share your story with the neighborhood or nominate someone who should? Email davenport@n2pub.com today. The process is fun and easy!

# THE SHADE PROJECT'S Down & Derby RESIDENTS ATTEND AND SPONSOR FUNDRAISER

May was skin cancer awareness month and The Shade Project is a nonprofit raising the awareness of skin cancer prevention by providing free screenings, educational information and the building of shade structures in outdoor play areas. Rob Roy and Davenport residents were sponsors of the fundraising event.

Do you volunteer? Email us to share about your organization or nominate someone else in the community.

Where did you grow up? I grew up in upstate New York in the Finger Lakes region. It is so much more beautiful there than most imagine! A highlight are the 5 finger-shaped lakes that give the region its name. The lakes are deep...up to 400ft, created and carved by the glaciers.

How long have you lived in the area? We have lived in Westlake for 30 years.

Tell us about your family. My husband and I moved to Austin in 1990. Shelby is a board-certified orthopedic surgeon specialized in hip and knee replacement. We have 3 kids who grew up in Austin and graduated from Westlake HS. Kim is married and lives in San Antonio, works for Google and has two kids. Hank is a real estate broker in Aspen Colorado with Sotheby's. Scott just got his MBA at Acton School of Business and works in commercial real estate in Austin. We love to travel to

Colorado as a family for skiing in the winter and heat relief in the summer. My husband and I are on the Lady Bird Lake hike and bike trail daily.

Tell us about the events that led up to where you are

**now.** I went to undergraduate and graduate school in the Northeast. After graduating from Yale with a Master's in Public Health, I worked as a hospital administrator in various parts of the Northeast. We moved frequently due to my husband's obligations to the Air Force as well to accommodate his medical training, and I took time off to raise our family. However, with each move I always welcomed the process of selling and buying real estate and the adventure of moving to a new home and community. Once my kids were grown and I was ready to re-purpose myself, I naturally gravitated to real estate. It is a good fit for my result-oriented personality, my organizational skills and my networking abilities.

What is your business and how/why did you start your business? I am a real estate broker with Compass Real Estate. I started by getting my real estate and broker's license and worked at a luxury boutique brokerage for 10 years before moving to Compass this year.

What is unique about your business? As a real estate agent, my success is my client's success. Above all, I am focused, dedicated, and work tirelessly to get exceptional results for each and every one of my clients. And, as part of the Compass team I have the support of innovative, proprietary technology tools and resources, which allow me to optimize the client experience and achieve desired results. Compass Concierge is a truly unique resource available to my clients. This is a service Compass offers to cover the upfront cost of home improvement projects. It's designed to increase

the value of the seller's home and the

speed of the sale. It's a completely free loan, paid back at close – no interest, and no hidden fees. 'Compass Cares' is another distinctive program of Compass in which a portion of every closed transaction is donated to a charity of choice.

Given your business expertise and the nature of what you do, what advice can you offer to the residents? The best decisions are made if you don't feel pressure to buy or sell. Plan ahead to allow yourself more versatility in your decisions.

What else should we know about you, your family, or your business? After 30 years in Westlake, I have a well-rounded understanding of the Westlake community. We currently live on Lake Austin. Prior to this, we lived in several other Westlake neighborhoods including Rob Roy, Davenport and Lost Creek. As a 20 year Lake Austin resident, with a decade of experience in luxury real estate, my expertise and resources are perfectly suited to waterfront and Westlake real estate.

# Shooting mars over Davenport

Why could the residents of the Creek at Riverbend be found camping in their community on August 13th? The Perseid Meteor Shower was peaking!

Residents were invited to bring sleeping bags to their cul-de-sac to watch shooting stars, make s'mores and enjoy a glass of wine. The HOA provided the fire pit, s'more ingredients, and wine, and the sky provided the entertainment. In spite of the full moon, several shooting stars were spotted while neighbors mingled.

The latest trend in travel is to explore, experience and immerse yourself in global cultures. The continent of Africa offers the opportunity to dance with the Zulus, swim with great whites, hike with mountain gorillas, traverse among the big 5 and savor delectable wines and foods. You can create the bucket list vacation of your dreams by picking and choosing the destinations and activities that speak to you.

South Africa is a great place to start exploring this continent. It's modern and westernized but still gives you that entry experience into the culture. The coastal scenery is breathtaking where the Indian Ocean meets the Atlantic and crashes onto the cliffside rocks at the Southern tip of Africa. Natural landmarks like Table Mountain and Victoria Falls are a must-see. Travel throughout this country to vineyards, animal reserves where you can get up close to elephants, monkeys and wild cats, and Kruger National Park where you can safari with the big 5. If you are looking for more of a wildlife experience, Tanzania and Botswana, are the best destinations to see the great migration and the Serengeti.

For a more personal experience, you can safari in private reserves where you can stay at luxury lodges inside the reserves. This allows you to off-road, get close to the wildlife and visit the parks at the more active times of sunrise and sunset as well as nighttime drives. If you feel more comfortable exploring South Africa with a guided group, Trafalgar Travel offers group tours to see the highlights of South Africa and also offers options for smaller groups with the private reserves. For smaller luxury group tours, Tauck, Abercrombie & Kent, African Travel and

Micato Safaris have some nice options. If you'd rather have a custom private itinerary made just for you, we can create the perfect experience using luxury lodges like and Beyond. There are now several cruises that also have South Africa destinations this year. Azamara and AMA Waterways both offer all-inclusive experiences where their ship is your home so you only have to unpack once and travel between port destinations at night.

For a more immersive experience, travel to Uganda or Rwanda to find the last of the mountain gorillas in the world. You are allowed only one awe-inspiring hour with the gorillas after your hike to find them. Be prepared for a more rugged experience, but you can hire a porter to carry your equipment if you just want to think about your photos. Once-in-a-lifetime group, independent or custom gorilla treks are offered.

Reserve your dream vacation by contacting Lainey Melnick, the owner of the Westlake-area branch of Dream Vacations, 855-GR8-TRIP, www.855GR8TRIP.com, lmelnick@dreamvacations.com. Dream Vacations - Lainey Melnick & Associates is an American Express Membership Rewards Agency and an affiliate of Travel Leaders.
