BARI & ELENA REAL ESTATE GROUP

@properties

The Bari & Elena Real Estate Group of @properties is a team of six ambitious women who have, over the past seven years, successfully climbed to the top of their field in Chicago. The team consists of Bari Levine, Elena Tamillo, Melanie Carlson, Alexandra Solak, Diana Grinnell, and Stacy Terpsma. Appreciated for always going above and beyond, and offering in-depth industry knowledge coupled with hands-on involvement, the B&E team has successfully maintained a primarily referral-based client network, which speaks volumes to their character and work ethic.

With 25 years of experience between them, Levine and Tamillo made 2018 another record-setting year. They continue to be among the top one percent of Realtors in Chicagoland since 2013. Additionally, in the last 2 years, they have received the following accolades: Top 20 agents in Cook County, Platinum producers (highest level, over \$60 million volume) within the Chicago Association of REALTORS®, and named among Chicago's Most Influential Residential Real Estate Brokers by *Crain's Chicago Business*.

"We feel so lucky and proud to have a group of independently successful women to work alongside day to day," say Levine and Tamillo. "Everyone on the team brings different strengths and ideas, which continues to give us an edge. Plus, being a young, ambitious, all-female real estate crew means we plan to keep taking the Chicago real estate market by storm!"
