Designed by acclaimed architect Eric Miller, this luxury 3-bedroom, 3.5-bath residence offers approx. 2,000 sq ft of finely curated living on a rare 5,000 sq ft corner lot in Carmel's Golden Rectangle—just two blocks to the beach and one block to Ocean Avenue. Completed in 2020, the home embodies sophisticated coastal living with clean contemporary lines and perfect proportions. Expansive windows and walls of glass flood the interiors with natural light, highlighting rich hardwood floors, stone accents, and bespoke finishes. The airy open-concept design features a chef's kitchen, elegant dining, and a stylish living room anchored by one of two fireplaces. Upstairs, the serene primary suite enjoys filtered ocean views and glimpses of Pebble Beach, while two guest suites offer privacy and comfort. Radiant heat, metal roof, mini-split A/C, and detached garage provide modern convenience. Outdoor terraces extend the living experience, creating ideal spaces for entertaining or quiet retreat. With room to add an ADU and set in Carmel's most sought-after location, this home is a rare opportunity to own a modern coastal sanctuary of exceptional quality and timeless design.
