Both bedrooms are well-proportioned and bright, each offering ample closet storage and a calm, restful atmosphere that busy urban professionals genuinely appreciate after a full day in the city. The 4-piece bathroom has been beautifully updated with custom tile work that carries the polished industrial aesthetic throughout with real cohesion and care. Convenient stackable laundry adds everyday convenience that elevates this space well beyond a typical condo offering. Step out onto the oversized private balcony, generously sized and finished with elegant, frosted glass panels for enhanced privacy. Ideal space for alfresco dining, or simply enjoying a glass of wine with friends on a warm summer evening. All of this is genuinely rare at this inner-city price point. Ideally centred between 33rd Ave and 17th Ave SW, you are steps from Calgary's finest restaurants, coffee shops, boutique fitness studios, live music, and much more. Bankview Park and its off-leash area are right at your doorstep, and downtown is just minutes away by car or bike. WELCOME TO BANKVIEW

Bankview is a neighbourhood in the southwest quadrant of the city of Calgary, Alberta. The neighbourhood is bounded by 17th Avenue SW on the north, 26th Avenue SW on the south, 14th Street SW on the east and 19th Street SW on the west. It is a residential neighbourhood located southwest of the high density Beltline district of the inner city.

HISTORY

William Nimmons purchased the lands of the present day Bankview neighbourhood from the Hudson's Bay Company in 1882, for ranching and farming. He established the 3-D-Bar Ranch on these lands, and later a sandstone quarry and a theater (the Mount Royal Theatre). The Nimmons residence, built in 1884, is now a heritage building, and still stands in the northeast corner of Bankview.

By 1902, during a housing shortage due to 1900s economic boom, Nimmons divided the land, and began selling plots to newly arrived settlers. In 1908, the remainder of the land was bought by the City of Calgary, and was divided in the traditional grid system.

Bankview was established as a neighbourhood in 1908. The district saw a major redesign in 1950, allowing for higher density apartment buildings and the community now has an area redevelopment plan in place.
