The Great Room

The Great Room is the heart of the home, designed to impress with dramatic scale and uncompromising detail. Soaring ceilings accented by custom beams create a sense of grandeur, while floor-to-ceiling windows flood the space with natural light and frame sweeping views. A gas fireplace provides a sophisticated focal point, complemented by rich hardwood floors that extend throughout. Two sets of doors open to a terrace, blending indoor and outdoor living with ease.

Dining Room Design: Where Flow Meets Formality

The Dining Room is both refined and inviting, showcasing a custom ceiling molding design that elevates its architectural character. Generously proportioned, it offers ample space to host gatherings of any size with effortless style. Thoughtfully positioned, it provides direct access to the kitchen and butler's pantry for fluid entertaining, while french doors open to the patio, creating a natural flow between indoor and outdoor dining experiences.

The Kitchen is a masterful blend of form and function, with soaring ceilings and an expansive layout anchored by a substantial center island with seating for four. Abundant space allows for effortless cooking and gathering, with direct access to both the patio and butler's pantry for elevated entertaining.

A Culinary Showstopper

Breakfast With a View

The Breakfast Room is a light-filled retreat within the kitchen, set in an elegant octagonal design wrapped in windows that invite the outdoors in. Bathed in natural light throughout the day, it provides a perfect setting for relaxed dining with a touch of architectural distinction. Conveniently, it also offers direct access to the home's elevator and back staircase, blending charm with exceptional functionality.

A Private Sanctuary of Comfort and Calm

The Primary Suite is a private sanctuary of comfort and sophistication, thoughtfully designed for both rest and relaxation. Upon entry, an intimate seating area sets the stage for unwinding in style, situated before the spacious bedroom. A double-sided fireplace creates a warm connection between the two, enhancing the suite's inviting ambiance. Expansive proportions highlight its grandeur, while direct access to the luxurious primary bath completes a retreat that balances elegance with tranquility.

Spa-Like Elegance in the Heart of Your Home

The Primary Bath is a serene retreat designed with both indulgence and function in mind. A sculptural soaking tub and curved glass shower create a spa-like centerpiece, framed by a large window that bathes the space in natural light. Dual vanities and dual private water closets provide comfort and privacy, while two expansive walk-in closets and an adjoining laundry room ensure everyday ease. Every detail is curated to blend luxury with practicality, making this bath a true extension of the suite's elegance.

With seamless access to a second patio, this level expands the home's entertainment and relaxation options, making it a destination in itself.

Cinematic Indulgence

The Home Theater is a cinematic masterpiece, designed to deliver an experience that rivals the finest private screening rooms. Outfitted with a full Dolby Atmos sound system and precision acoustic paneling, every detail is engineered for immersive performance. Completing the experience, plush tiered seating offers unparalleled comfort, transforming every viewing into an indulgent escape.

One-of-a-Kind Features

The Ground Level's amenities are anchored by two truly extraordinary features. The Indoor Pool offers year-round enjoyment, enhanced by a fully retractable cover that transforms the space for versatile use, while direct outdoor access seamlessly extends leisure to the open air.
