Permit Conditions

1) Well shall be constructed in compliance with all 15A NCAC 2C rules.
2) Maintain all minimum setbacks, were applicable.
3) When well and pump are completed, contact MCPH for inspection.

The issuance of this permit by MCPH in no way guarantees the issuance of other permits. The property owner is responsible for checking with appropriate governing bodies in meeting their requirements. This permit is subject to revocation if the site plan, plat, site, or intended use changes. All rules in 15A NCAC 02C *Well Construction Standards* are incorporated by reference into this document, including any subsequent amendments to those rules, and shall be adhered to. Please contact MCPH for inspection when well head and pump installation are completed and you are ready to place well into service.

Any person abandoning a well must submit to MCPH Form GW-30 upon completion.
