JOJO ROMEO & ASSOCIATES
LUXURY REAL ESTATE SPECIALIST

Luxury agent JoJo Romeo is driven by her passion for helping people navigate the world of residential real estate and the emotional journey that often goes with it. She understands that each transaction corresponds to a life change for her clients and prides herself on her ability to steer them mindfully through their transitions.

Romeo's experience has been honed over the last 12 years, selling over \$800 million of real estate. She is consistently ranked in the top 50 agents among Pacific Sotheby's International Realty and was recently recognized by Real Trends as America's Best 2023 Small Team by Volume. A hard worker who knows how to get things done, she attributes her grit and perseverance to her Ohio roots and instilled Midwestern work ethic.

Dedicated to going the extra mile for her clients, Romeo prepares each client mentally and emotionally and is well-known for transforming homes with her knack for design and decor. However, dedication is just part of her recipe for success. She has seemingly boundless energy and is certainly Dynamic. "To be Dynamic, you need to be grounded," says Romeo, which she attributes to her family as her foundation, a commitment to daily spiritual reflection, a strong sense of self and prioritizing a time to "play" every day.

As for the future, Romeo aspires to continue to be Dynamic — and be a positive spark for her community, her loved ones, and her clients. Helping all of them visualize a brighter future for themselves and providing continued emotional, mental, and expert support as needed. In the meantime, Romeo is excited to continue collaborating with brands and clients to create stunning home transformation videos for her Youtube channel.
