Noted dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior partitioning walls and in fact vary from the dimensions that would be determined by using the description and definition of the "unit" set forth in the Declaration which generally only includes the area for purposes between the perimeter walls and excludes interior structural components. For your reference, the area of this Unit, determined in accordance with those defined and boundaries, is set forth on Exhibit 3 to the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room as if the room were a perfect rectangle, without regard for any setbacks. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
