SQUARE FOOTAGES (SQUARE METERS)

- Indoor: 5,851 SQF (543 SM)
- Outdoor: 461 SQF (42 SM)
- Total: 6,312 SQF (586 SM)

FEATURES

- 888 Suite & 888 Room
- Ceiling Height up to 10'
- Loggia & Outdoor Kitchen
- South - East Views

Biscayne Bay

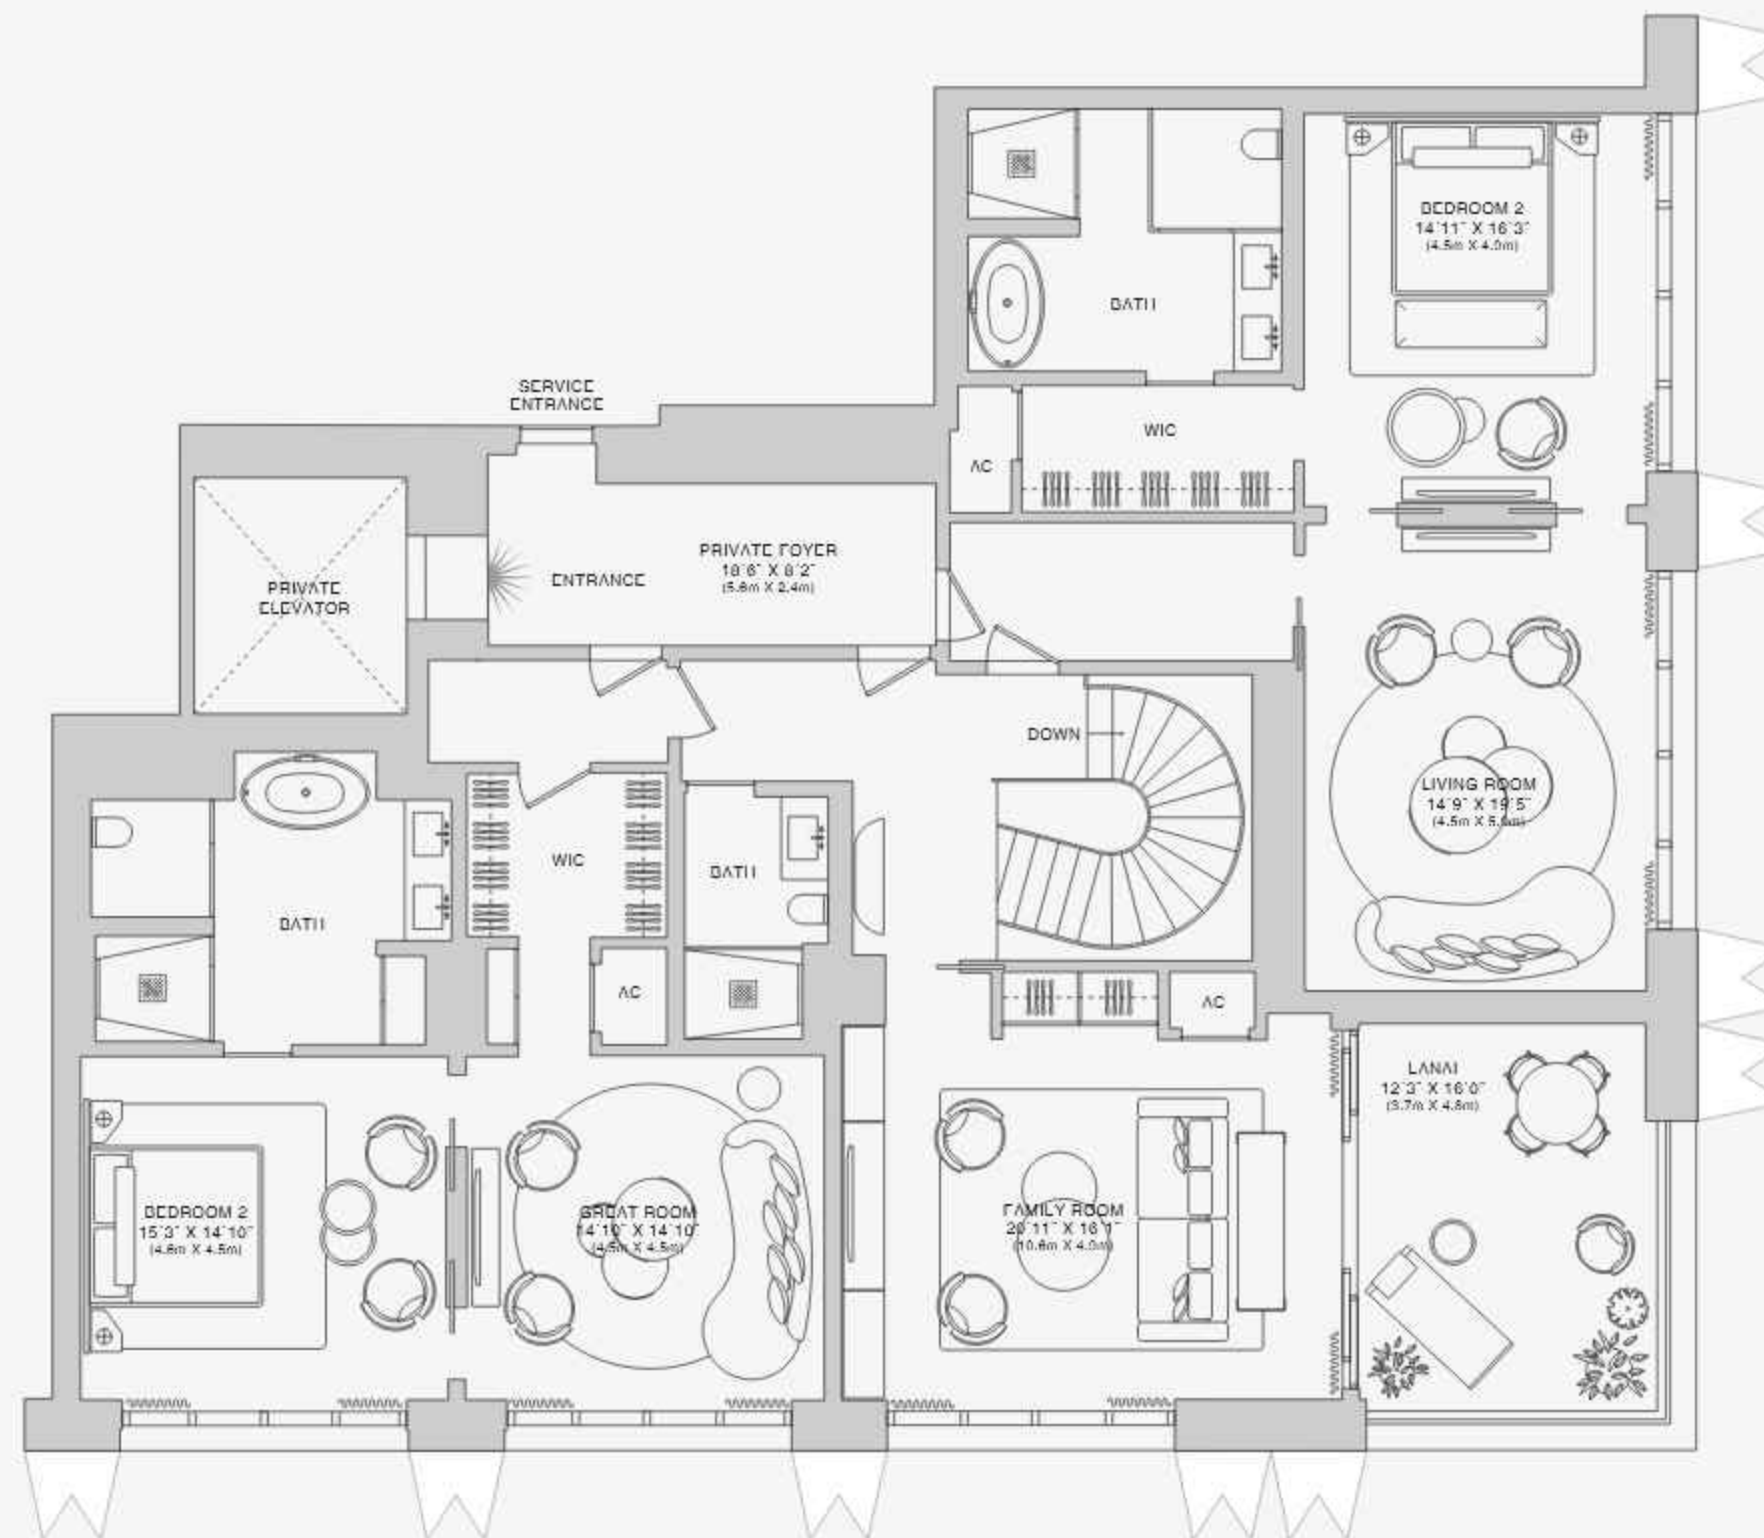

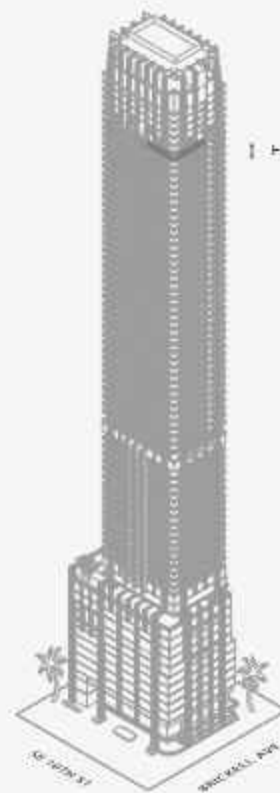

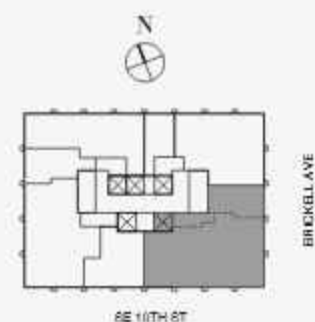

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior partitioning walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "D" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken as the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Dolce & Gabbana S.r.l. or any of its affiliates (the "Brand"). Developer uses Dolce & Gabbana marks pursuant to a license agreement with the Brand, terminable according to its terms. The Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Biscayne Bay

Sized dimensions are measured to the exterior boundaries of the exterior walls and the centerline of exterior finishing walls and to fasteners from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and includes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "J" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any closets. Accordingly, the area of the actual room will typically be smaller than the product achieved by multiplying the stated length times width. All dimensions are approximations and may vary with actual construction, and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Developer under any of the affixes to the "Brand". Developer, as Dole & Gable's exclusive purveyor, is a licensed agreement with the Brand, scrupulously abiding by the Brand. Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Biscayne Bay

Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "3" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Dolce & Gabbana S.r.l or any of its affiliates (the "Brand"). Developer uses Dolce & Gabbana marks pursuant to a license agreement with the Brand, terminable according to its terms. The Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Residence 60D is an ADA compliant residence. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior dividing walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "3" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Dolce & Gabbana S.r.l. or any of its affiliates (the "Brand"). Developer uses Dolce & Gabbana marks pursuant to a license agreement with the Brand, terminable according to its terms. The Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Scaled dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior partitioning walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "D" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken as the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Dolce & Gabbana S.r.l. or any of its affiliates (the "Brand"). Developer uses Dolce & Gabbana marks pursuant to a license agreement with the Brand, terminable according to its terms. The Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Residence #1D is an ADA compliant residence. Stated dimensions are measured to the exterior boundaries of the exterior walls and the locations of interior doors and in fact vary from the dimensions that would be determined by using the description and definition of the "Units" set forth in the Declaration (which generally only includes the interior spaces between the perimeter walls and enclosed interior structural components). For your reference, the area of the Unit, determined in accordance with these defined unit boundaries, is set forth on Exhibit "J" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change. This Condominium is not owned, developed, sold, or marketed by Galbana S.r.l. or any of its affiliates, the "Brand". Developer uses Dolce & Gabbana as a mark of its license agreement with the Brand. Galbana S.r.l. and its affiliates, the Brand, assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

- 888 Suite & 888 Room
- Ceiling Height up to 11' - *L47 up to 10'
- Loggia & Outdoor Kitchen
- South - West Views

Biscayne Bay

Scaled dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior partitioning walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "D" to the Declaration of Condominium. Please note measurements of rooms set forth on this floor plan are generally taken as the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction and all floor plans and development plans are subject to change. The Condominium is not owned, developed or sold by Dolce & Gabbana S.r.l. or any of its affiliates (the "Brand"). Developer uses Dolce & Gabbana marks pursuant to a license agreement with the Brand, terminable according to its terms. The Brand assumes no responsibility or liability in connection with the project, and makes no representation or warranty in respect thereof.

Residence 25E is an ADA compliant residence. Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior dividing walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit, determined in accordance with those defined unit boundaries, is set forth on Exhibit "3" to the Declaration of Condominium. Note that measurements of rooms set forth on this floor plan are generally taken at the widest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
