Brickell City Centre (and the individual buildings within it) will be constructed and will exist in an urban environment. There are a number of existing buildings and potential building sites that could affect the view and the living experience in your unit. Brickell City Centre does not control all of these potential building sites, and for some of the sites that Brickell City Centre controls, there are no final development or construction plans. Further, even for building sites where there are plans, the plans are subject to change. As a result, it is important to understand that there is no guarantee that you will have any particular view from your unit, or that the view that exists now (or at any time) will remain the same. Further, there is no guarantee that you will be unaffected by traffic congestion by construction within an urban environment and by construction noise during the construction of Brickell City Centre, or noise that exists in the urban environment, including but not limited to: vehicle and traffic noise (including loading and unloading of trucks); construction noise from other buildings or building sites; sirens; noise from festivals or other gatherings; loud music; mechanical noise from your building or nearby structure; and/or aircraft noise. The Condominium is a component of the integrated Brickell City Centre, which includes, or is intended to include (without creating any obligation) a hotel, other residential components, retail areas, office buildings and certain shared infrastructure. To the extent that restaurants and other business establishments and/or any operators of same are referenced herein, all are subject to change and/or elimination at any time, and no representations regarding same may be relied upon.
