Stated square footages and dimensions are measured to the interior boundaries of the exterior walls and the centerline of interior dividing walls and do not vary from the square footages and dimensions that would be determined by using the description and definition of the "Gross" set for the Declaration. This set generally includes the interior space between the perimeter walls and includes all other interior components and other common elements. This method is generally used in sales materials and is provided to allow prospective buyer to compare the unit with other comparable projects. It is not to be used for any other purpose. All dimensions are minimum values and will vary with actual construction, and all floor plans, specifications and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. All depictions of appliances, counters, soffits, floor coverings and other matters of detail, including without limitation, items of finish and decoration, are conceptual and are not necessarily included in each unit. EQUAL HOUSING OPPORTUNITY.
