Dimensions and floorplans are subject to change. Details and field conditions are subject to change. All dimensions are approximate, and all floor plans and development plans are subject to change. There are various methods for calculating the total square footage of a condominium unit, depending on the method of calculation. The quoted square footage of a condominium unit may vary by more than a minimal amount. The dimensions stated with floorplans are measured to the exterior boundaries of the exterior walls and the projection of interior dividing walls and, in fact, are larger than the dimensions of the "Net" as defined in the Declaration of Condominium for 2901 IC CONDOMINIUM which is measured using interior measurements of interior square footage.
