Noted dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and to foot vary from the dimensions that would be determined by using the design and construction of the "Unit" as further the Description which generally only includes the interior space between the perimeter walls and excludes interior structure components. For your reference, the area of the Unit, determined in accordance with these defined unit boundaries, is set forth on Exhibit 3 to the Declaration. Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given room as if the room were a perfect rectangle, without regard for any closets. Accordingly, the area of the actual room will typically be greater than the product obtained by multiplying the noted length times width. All dimensions are approximate and may vary with actual construction, and all floor plans and development plans are subject to change.
