SELLERS COVERAGE UTAH

Elevate Your Listings

When it comes to selling a home, offering a home warranty in the contract is an excellent way to attract more buyers with the assurance that the home has warranty coverage for the first year of ownership.

Why Should You Get Listing Coverage?

Getting listing coverage is a wise choice for sellers because it provides peace of mind during the home-selling process by helping to mitigate the costs of unexpected issues that could potentially derail the transaction. Additionally, it offers protection for the seller's home against breakdowns of its most critical systems such as heating, air conditioning, plumbing, electrical, and water heaters. By enrolling in this service, the seller's home is safeguarded against these covered breakdowns during the listing period.

How it Works

Protecting your seller's home is simple! Once you've listed your client's home, just visit [Elevatehomescrptions.com](https://www.elevatehomescrptions.com) to enroll in seller's coverage. By enrolling in this free service, your client agrees to provide the homebuyer with an Elevate Homescrption, which will be paid for from the proceeds of the closing.

THE ADVANTAGES OF LISTING WITH ME

PROFESSIONAL STAGING AVAILABLE

85% of staged homes sold for 6-25% more

Most tasks are completed during the appointment

BOOSTED ONLINE EXPOSURE

Today's market is centered on technology. Buyers are performing their searches online, so it is important that your listing is ranked high and shown in the best light. Studies have shown that online buyers disregard homes with limited photos, low-quality photos, and minimal information. Rest assured I take the extra steps to get maximum exposure for your listing and give the online shopper a wealth of information, as well as quality photos, and video tours.

PROFESSIONAL PHOTOGRAPHY PROVIDED

BEFORE LISTING YOUR HOME

LISTING STRATEGY

pricing strategy

Using a scientific market analysis in your area, we will price your home correctly the first time so that it will sell quickly.

If your home is priced at fair market value, it will attract the largest number of potential buyers in the first few weeks.

If a home is overpriced, it will attract the fewest number of buyers looking to purchase a home. The majority of home buyers look at a lot of homes, and they quickly get a feel for the price range that homes sell for in a given condition and location.

professional photography

In today's market, homebuyers are searching online first. It is imperative that the photos of your home are top-notch and of the best quality to catch the home buyer's attention and stand out from the competition. Having more eyes on your home is the fastest way to get it sold and sell for top dollar.

professional staging available

To make sure your house is shown in the best light to buyers, we can recommend a stager. They can give you advice on staging the house with items you already own, or bring in items to stage the house. A stager's job is to neutralize your home to appeal to the maximum number of potential buyers.

agent marketing

I am part of a very large agent network. I will reach out to this network to see if your home might be a great fit for one of their buyers. This agent network is key to connecting buyers with your home as 88% of residential sales involve real estate agents.

advertising & marketing

I know the importance of marketing a property. This is an area I heavily focus my budget on. My expertise is attracting hundreds of buyers per month and increasing brand awareness.

PREPARING TO LIST

Preparing to list

maximize your home's potential

A clean, neutral, and streamlined look helps buyers to imagine what life would be like in your home. The action points below will help them be able to do that.

EXTERIOR

- Wash or paint the home's exterior
- Paint the front door
- Keep the yard nicely trimmed
- Keep the lawn free of clutter
- Weed and freshly mulch garden beds
- Clean interior and exterior windows
- Apply fresh paint or stain to wooden fences

1

INTERIOR

- Remove personal items, excessive decorations & furniture
- Replace or clean carpets
- Get rid of clutter and organize & clean closets
- Apply a fresh coat of paint to walls, trim, and ceilings
- Replace outdated ceiling fixtures & clean lighting fixtures
- Minimize & clean pet areas in the home
- Be sure that all light bulbs are in working order

2

FRESHEN THE PAINT & FIXTURES

- A new coat of exterior paint helps a home's curb appeal. It isn't a low-budget item, but if you can swing it..... DO IT
- If you can't paint the entire home, paint the trim. This is a relatively simple thing to do and it helps give a home a wow factor
- Update the exterior light fixtures. This can quickly give a home an updated look
- Put a fresh coat of paint on the front door

3

STAGING YOUR HOME

the art of staging

Staging a home is the practice of decorating and furnishing a property to make it more appealing to potential buyers. It involves creating a warm, inviting, and neutral environment that allows potential buyers to envision themselves living in the space. Staging a home is recommended for selling because it can help you sell your property more quickly, at a higher price, and with less hassle. It enhances the overall presentation of your home, making it more attractive and appealing to potential buyers, ultimately increasing your chances of a successful sale.

BEFORE

AFTER

Staging a home is different from designing a home. The goal of hiring a stager is having a trained eye come into your home and look at it as a buyer would. This service is available to create a clean, de-cluttered look so that potential buyers can look at your home like a blank canvas to envision all their loved ones and belongings in the space for years to come.

A LASTING IMAGE

real estate photography

A listing's photos are often the first and sometimes only opportunity to attract a potential buyer. Most buyers are finding their homes online and photos are the first impression of your home. Pictures are the key to getting your home noticed, showings scheduled, and therefore sold. As your agent, I will ensure that your listing will be shown in its best light. Many times a buyer has already decided if they are interested in your home just from the pictures online, without every stepping foot inside your home.

aerial PHOTOGRAPHY

Using aerial photography in real estate can show buyers a much more accurate description of what the property is actually like.

benefits

of having aerial photos:

- Provides views of the entire property & land
- The condition of the roof and other property features
- The neighborhood and surrounding area, including the home's proximity to schools & amenities
- Developments or local districts that are supported by the buyer's property taxes

virtual TOURS

A virtual tour is a sequence of panoramic images that are 'stitched' together to create a 'virtual' experience of a location. Once created, the viewer can experience what it is like to be somewhere they are not.

THE BENEFITS

Utilizing cutting-edge technological solutions, we can narrow in on the most serious buyers. By using virtual tours we can give buyers a good look at your home without disturbing you.

Leaving only the more serious buyers to schedule a showing.

They are interactive by design, which means users spend more time exploring than they would just looking at photos. The more invested in the interaction potential buyers feel, the more likely to take the next step in their purchase journey.

Potential homebuyers don't like to wait and they want all the information now. Never missing another opportunity. A virtual tour allows your home to be on display around the clock.

Exposes your home to a wider audience. Your home can be toured from clear across the country at any time.

PROPERTY brochures

Property brochures are a memorable marketing piece for buyers to bring home with them after a showing. These brochures outline every detail of your home seen and unseen. We love using these to show all the unique details, photos, neighborhood specs, schools, upgrades, and features your home has to offer.

LISTING YOUR HOME

robust marketing

NETWORKING

A large percentage of real estate transactions happen with co-operating agents in the county. I will expose your listing to this market.

SIGNAGE

A sign will be placed in your yard as well as pointers and open house signs before an open house. These will be placed at the most opportune times to gain the most exposure.

SUPERIOR ONLINE EXPOSURE

Buyers in today's market first start their search online. We will meet your potential buyers where they are...online! Not only will your home be featured in the local MLS, but it will also be featured on the major 3rd party real estate sites, and syndicated to hundreds of other listing sites. Your home will be featured on our company website and social media.

EMAIL MARKETING

An email will be sent to our current buyer database of thousands of agents in the area.

PROPERTY BROCHURES

Highly informative and creative property brochures will be displayed inside your home. These help potential buyers remember the key items and unique features of your home.

LOCKBOX

Lockboxes are essential for the safety of all. They allow an agent to show your house whenever he or she needs to, rather than relying on you, the owner, for a key. Owners are also expected to vacate the property for showings. Having a lockbox makes this process much easier for all involved.

SHOWINGS

When we list your home, you will also be signed up with a showing service that immediately communicates you when a showing is scheduled. When feedback isn't left, I will follow up with those agents requesting their feedback within 24 hours.

OPEN HOUSES

After reviewing many surveys, we have discovered the perfect formula for what day is best to list a home and the perfect day for an open house.

SOCIAL MEDIA MARKETING

We practice regular social media marketing on today's top social sites which include and are not limited to: Facebook, Instagram, LinkedIn, and YouTube.

LUXURY

AFTER LISTING YOUR HOME

showings

A few tips to help your home showings go as smoothly as possible

FLEXIBLE

Be as flexible and accommodating to the buyers schedule as possible. We want to avoid having missed opportunities if at all possible.

INFORMED

Make sure everyone in the home is informed when showings are to happen so they can keep their spaces clean.

DAILY CLEANING

Keep up with daily messes. Wipe down kitchen and bathroom counters before leaving for the day.

ODORS

Avoid strong-smelling foods: Keep your meal prep as neutral and simple as possible.

FURRY FRIENDS

Keep pet areas clean. Clean up after your pets immediately and wash their bedding regularly. Hide pet food or litter. Not everyone is a pet person and it may hinder a potential buyer's ability to picture themselves living in your home.

NATURAL LIGHT

Open blinds and curtains and let in as much natural light as possible. Leave lights on before you leave for a showing.

TRASH

Empty trash cans to avoid any odor. Try to empty trash cans nightly so that the home is fresh when you leave for that day.

TEMPERATURE

Keep the room temperature comfortable. This demonstrates to buyers that the HVAC is working properly.

PERSONALS

Make sure you place all valuables and prescriptions out of sight and in a safe place.

VACATE

Having a seller present can make buyers feel awkward. We want to make the buyers feel at home and stay awhile.

Price is just one of many considerations when deciding which offer is best for your home. Here are some of the other factors that matter

CONTINGENCIES

The fewer contingencies on an offer the better. Shorter time periods are also valuable.

ALL CASH BUYER

A cash offer is usually more appealing than a finance offer as the seller doesn't need to worry about the bank approving the loan.

PRE-APPROVAL

Assures home sellers that the buyer can get the loan they need. Keep up with daily messes. Wipe down kitchen and bathroom counters before leaving for the day.

LOAN TYPE

A conventional loan is often the least complicated. This is an appealing choice for sellers. An FHA loan can cause delays because they require certain repairs and approvals.

CLOSING TIMELINE

You might need to close quickly to move on to the next adventure, or you might need to extend the closing to allow time for the next home to be ready. Choosing the offer with the closing time that fits your needs will be most attractive to you.

CLOSING COSTS

Sometimes an offer comes in high, but the buyer asks you to pay a percentage of the buyer's closing costs.

REPAIR REQUESTS

If the home needs some repairs, but you don't have the time or money to do them, a buyer who is willing to do them for you might be what you need.

OFFER PRICE

Of course price matters too! If a high offer costs you more in closing costs, repairs, or other factors - then it probably won't be the better offer.

NEGOTIATIONS

AFTER AN OFFER IS SUBMITTED

WE CAN:

- **Accept the offer**
- **Decline the offer**
 - If the offer isn't close enough to your expectation and there is no need to further negotiate
- **Counter the offer**
 - A counteroffer is when you offer different items to the buyer

THE BUYER CAN THEN:

- **Accept the counteroffer**
- **Decline the counteroffer**
- **Counter the counteroffer**

You can negotiate back and forth as many times as needed until you can reach an agreement or someone chooses to walk away

OFFER IS ACCEPTED

You will sign the purchase agreement and you are now officially under contract! This period of time is called the contingency period.

Now inspections, appraisals, or anything else built into your purchase agreement will take place.

If the buyer is seeking a loan to purchase your home they will need to have an appraisal performed by the bank to verify the home is worth the loan amount. As a seller, we want the property to appraise for at least the sale amount or more. It is very difficult to successfully contest your appraisal. An experienced agent demonstrates certain strategies to reveal the value of the home prior to the appraisal.

APPRAISAL COMES IN BELOW SALE PRICE

what to expect

Closing is when funds and documents are transferred in order to transfer ownership of the property to the buyer. - Exchange of keys, garage door opener, security codes and/or devices, appliance manuals, etc
- Home ownership legally transfers to the new owner when the signed deed is recorded at the seller's local county courthouse

YOUR COSTS

Seller commonly pays:

- Mortgage balance & penalties, if applicable
- Any claims against your property
- Unpaid assessments on your property
- Real estate agents, for payment of a commission
- Title insurance policy

"Our experience with James was terrific! James made our tight selling deadline stress-free with his calm demeanor, knowledge, and responsiveness. He was straightforward about the process and always went to bat for us. In today's market, that is not easy. Thank you, James, for having our best interests in mind."

"James was one of the best real estate professionals I have ever worked with. He was knowledgeable, professional, always available for questions and always flexible when showing us homes. He helped us to negotiate a great purchase price and stayed on top of the sellers regarding the terms of our contract. I will definitely use him again when buying or selling a home. Side note, hit him up if you need some board game recommendations, he's got some good ones."
