## The Face of White Glove Service for Bergen County Real Estate

Christian Di Stasio, Realtor/Broker | The Christian Di Stasio Group,  
Prominent Properties Sotheby's International Realty

After 20+ years as a real estate investor/developer and a sales executive for an it consulting firm, Christian knew the road ahead was in combining his real estate knowledge, business acumen and client service mindset to lay the foundation for a new standard in real estate. In 2017, Christian left the corporate world to become a licensed realtor, adopting the mantra "WHITE GLOVE SERVICE, FOR ALL THINGS REAL ESTATE," words that he and his team stand behind wholeheartedly.

An award winning and record breaking Bergen County Realtor, Christian has been a multi-year recipient of the NJ Realtors Circle of Excellence Award, and ranks in the top 1% of Realtors in New Jersey and 1.5% of Realtors nationwide by Real Trends & America's Best Real Estate Professionals. Christian leads a team of knowledgeable, experienced and hyper-client centric professionals who take a consultative and thoughtful approach to client's needs by aligning a strategy that meets their goals whether buying, selling, investing or building. "Anyone can open a door and fill out a contract. We differentiate ourselves by building meaningful relationships, active listening and taking a genuine responsibility to every client," says Christian. "For us, every transaction, big or small, warrants our full attention."
