VERTICAL LUXURY

MEET THE BUILDER

Vertical Luxury was born in 2022 from the unmet demand for exceptionally built, beautifully designed new construction homes with upscale finishes and floorplans that fit the needs of today's busy families. Owner Ken Warlick, a longtime Atlanta native, witnessed homeowners struggling to find new construction homes in the luxury category that contained all the functionality and trending design features they were looking for, in the communities they desired to live.

**VERTICAL LUXURY WAS RECENTLY NAMED THE
GREATER ATLANTA 2026 BUILDER OF THE YEAR!**
