Seller's Scoop

What we've loved most about living here is starting a family in a neighborhood filled with other young families while being close to so many great parts of Charlotte, restaurants, retail, and green spaces. It's been the perfect balance of neighborhood feel and convenience.

Our favorite coffee spots nearby are Night Swim Coffee and Stable Hand on South Boulevard. For lunch close to home, we've loved Mad Greek Restaurant and Pasta & Provisions depending on the weather, and Brawley's Beverage is right next door.

One of our favorite spaces in the house is right outside the side door of the bedroom. The "hydrangea wall" is one of our favorite features, along with the overlook of the backyard with the sauna, fire pit, and outdoor space.

For getting outside, we've loved having easy access to Back Yard Trails for biking and being just a 10-minute bike ride from the Little Sugar Creek Greenway.
