

We know

WHAT YOUR HOME NEEDS

BEFORE HURRICANE SEASON PEAKS.

SAVE + PRINT

Review each season

Atlantic hurricane season runs through **November 30**. Prepare before a storm is on the map.

YOUR 7-STEP COASTAL HOME PREP CHECKLIST

Check each box as you go.

1

INSURANCE DOCUMENTS

Review coverage, deductibles and claim contacts. Save digital copies and keep printed records in a waterproof container.

5

GENERATOR SAFETY

Test early. Use outdoors at least 20 ft from doors, windows and vents - never in a garage or carport. Check CO alarms.

2

ROOF + GUTTER INSPECTION

Check shingles, flashing, soffits and seals. Clear gutters and downspouts; schedule needed repairs before severe weather.

6

EMERGENCY SUPPLIES

Stock several days of water, nonperishable food, medications, first aid, lights, batteries, chargers, radio, cash and pet needs.

3

DRAINAGE

Clear yard debris, drains, swales and ditches. Confirm water can flow away from the home and foundation.

7

PHOTO / VIDEO HOME INVENTORY

Record each room and the exterior, including valuables, serial numbers, upgrades and current condition. Back it up securely.

4

OUTDOOR OBJECTS

Bring in or securely anchor furniture, grills, planters, umbrellas, decor and equipment that could become projectiles.
