

# Jolie®

## Make life beautiful.

Jolie is the newest brand of premier paints, topcoats, brushes, and embellishment products. Our signature product, Jolie Paint, is an ultra matte finish paint that is quickly becoming the most loved decorative paint on the market.

Jolie inspires everyday people to get creative, refresh their furniture, and transform their home. It's the easy way to make your life beautiful.

**JOLIE PAINT** is a water-based, non-toxic, low VOC, quick-drying paint for furniture, cabinets, floors, walls, and home accessories. It adheres to almost any surface with little to no prep, and is available in 40+ colors that can be mixed to create hundreds of custom colors.

**JOLIE FINISHING WAX** is a non-hazardous, odor-free topcoat used to seal and protect interior furniture, cabinets, and accessories. Jolie Finishing Wax is available in four colors: Clear, White, Brown, and Black.

**JOLIE FLOOR VARNISH** is a clear, water-based topcoat that creates a durable finish on interior floors. It is perfect for floor projects painted with Jolie Paint. Floor Varnish has a satin sheen for added strength.

**JOLIE GILDING WAX** is an easy way to add metallic highlights and accents to your projects. It is available in three colors: Gold, Silver, and Copper.

**JOLIE GOLD SIZE** and **JOLIE METAL LEAF** add metallic accents to your furniture, walls, ceilings, and accessories. Jolie Gold Size is a water-based adhesive. Jolie Metal Leaf is made in Italy and is available in three colors: Gold, Silver, and Copper.

**JOLIE SIGNATURE BRUSHES** are made from a combination of natural and synthetic bristles to ensure superior paint coverage and durability. With rust-resistant ferrules and two sizes (Small and Large), Jolie Signature Brushes are used to paint any finish or create texture.

**JOLIE FLAT BRUSHES** are used to paint a smooth finish or apply Jolie embellishment products. Made with synthetic bristles and rust-resistant ferrules, Jolie Flat Brushes are available in two sizes: Small and Large.

**JOLIE WAX BRUSHES** are used to apply Jolie Finishing Wax to your surfaces that have been painted with Jolie Paint or to raw wood. Use a regular Wax Brush for large surfaces or a Pointed Wax Brush for small areas or over detailed carvings. Both Wax Brushes have rust-resistant ferrules.

**JOLIE CHIP BRUSHES** are used to paint a dry brush finish and are great for feathering.

**JOLIE ARTIST BRUSHES** are used to paint small details or apply embellishment products. Each pack includes a Large Flat, Large Round, Small Flat, and Small Round Artist Brush.

Jolie products can be used to create hundreds of finishes on almost any surface.

## Here are some quick tips:

**MIX COLORS** Combine multiple colors of Jolie Paint to create a custom hue. Use the Jolie Color Mixing Guide as a reference, or experiment and create your own! Creating custom colors allows you to make your project even more personalized.

**PAINT ANY MATERIAL** Jolie Paint adheres to almost any surface, including wood (raw, painted, stained, waxed, or sealed), metal, matte plastics, brick, concrete, stone, and some fabrics. See the Jolie Everyday Guide for additional information on the treatment of different surfaces.

**CREATE A VARIETY OF FINISHES** Whether you use a single color or layer a few, Jolie Paint can be used to create hundreds of custom finishes. Read the Everyday Guide to learn how to create basic, smooth, textured, washed, dry brushed, and distressed finishes.

**PAINT INSIDE** Because Jolie Paint is non-toxic and low VOC, you can paint inside! No need to move your heavy furniture outside to complete your projects.

**PROTECT YOUR SURFACE** Use Jolie Finishing Wax over painted finishes or raw wood to seal and protect your surface. Over time, you can gently buff the surface with a soft cloth and Clear Finishing Wax to touch up the finish if needed.

**PAINT FLOORS** Jolie Paint can be used to paint large, hard-wearing surfaces such as Floors. Instead of Finishing Wax, seal your floors with Floor Varnish.

**ADD METALLICS** Use Jolie Metal Leaf before waxing to add a bright metallic shine to your project. To knock back the brightness, apply Brown Finishing Wax.

**EMBELLISH** Colored Finishing Waxes and Gilding Waxes are the perfect way to add that final special touch to any project. Layer waxes to create additional character and depth in your finish.

**COMPLETE OUTDOOR PROJECTS** Jolie Paint can be used on furniture and accessories that will primarily be used outside. Do not use Metal Leaf, Finishing Wax, or Floor Varnish on your outdoor projects.
