This modern day oasis highlights Balinese architecture with custom features made with imported materials from all over the world. Enter through the front gate and step across a Jerusalem stone bridge above water and lush greenery to reach the main entrance of this architectural tour-de-force. Throughout the estate, floor-to-ceiling glass doors showcase the home's jetliner views. The open concept living room leads into a dining area adjacent to the kitchen. Three of the home's six bedrooms are private suites. The master suite features a private, spacious deck overlooking the city, his-and-hers oversized, walk-in closets, bathrooms and a two-sided fireplace. Additional highlights include a wine cellar, luxurious movie theater and gym. The zen characteristics of the estate flow through the serene backyard. Facing unobstructed city views, the backyard features a waterfall, statue of Buddha and a custom gazebo that stands above an infinity pool and spa. Located minutes away from the heart of Beverly Hills, this contemporary, Balinese-inspired estate offers secluded, luxurious living!
