Literally the BEST views in all of Beverly Hills. 180 degree views from Downtown Los Angeles all the way to the Ocean, unobstructed views from this house day or night. The house itself consists of 6 bedrooms and 7 baths and is a little under 7000 square feet. Sitting on over one acre completely flat. All this in this single story, mid century home. The master bedroom is it's own suite which opens up to the stunning yard which has a beautiful pool and spa and outside bar. The home has a large driveway where you can fit dozens of cars. There is a massive living room, family room, and a dining room, and the kitchen has an eating area too. This is a must see property.
