Spot Estate

From world-renowned architectural design firm, Saota, this 20,000 sq. ft. estate is set on a promontory with unparalleled 300 degree city skyline views boasting unmatched design and exquisite bespoke finishes throughout. Automated glass sliding doors create a seamless confluence from the interior living spaces to plentiful outside seating and dining areas, including a 175-foot linear pool culminating in a waterfall cascading into an atrium garden. A 15-foot outdoor television rises from the ground with horizontal and vertical rotation, visible from every room in the house. Enormous entertainer's rooftop deck, state-of-the-art theater, curated wine cellar, glass elevator, unrivaled security and audio/visual integration, and a spa retreat replete with wet and dry sauna, cold and hot water plunge pools, and massage therapy. Private driveway leads to a multi-car garage. Unquestionably the most impressive property ever built above the Sunset Strip.
