Extraordinary New Construction in Malibu. Located in the private, gated enclave of Malibu Colony Estates at the beginning of Malibu Rd, this stunning home offers breathtaking ocean views and contemporary design by renowned architect Douglas W. Burdge, AIA. One of just four homes in this prestigious community, this crowning jewel sits on approximately 1.3 acres with five bedrooms and ten bathrooms. A dramatic pivot entry door, framed by sculptural water features, sets the stage for the seamless indoor-outdoor flow of the home. Expansive glass walls, high ceilings, and premium materials like vein-cut travertine and rare Calcutta Gold stone enhance the elegant design. The grand living room features a striking floor-to-ceiling Blue Bibas marble fireplace, while the gourmet kitchen is equipped with top-of-the-line appliances and custom backlit cabinetry. Designed for effortless entertaining, the outdoor spaces include multiple lounge areas, a covered bar that seats six and an outdoor dining space. The private backyard also features an infinity pool and spa, a firepit with banquet-style seating, and a fenced lawn ideal for pets or play. The main level of the home includes a media area, a full bar with bifold doors to the patio, a spacious dining area, and an impressive office with stunning views. A guest suite with an en-suite bath completes this floor. Upstairs, the primary suite is a private retreat with two en-suite bathrooms, dual walk-in closets, and a wraparound patio with ocean and mountain views. Three additional en-suite bedrooms provide ample space for family and guests. The lower level is designed for entertainment and relaxation, featuring a home theater, game room, gym/bonus room with large bathroom for a possible sixth sleeping area, powder room, and laundry room. A three-car garage, ample guest onsite and street parking, and an elevator add to the home's conveniences. Just minutes from Malibu's top beaches and shopping, this estate offers a rare combination of luxury, privacy, and breathtaking surroundings.
