Cascade Crown

Masterfully designed by Tag Front Architects, this extraordinary contemporary-style estate in the heart of Beverly Hills is full of outstanding amenities. Walls of glass allow an abundance of natural sunlight to illuminate the inside, providing an airy feel that seamlessly compliments the indoor/outdoor flow of the estate. The main level features dual living rooms separated by a beautiful marble fireplace, Boffi gourmet kitchen with Gaggenau appliances, formal dining room, office, and an intimate den leading to a world-class pool & backyard space. An elegant master suite, with its own private terrace, steel boiler-fireplace by Antonio Lupi, dual marble vanities, and custom walk-in closets, champions the second floor alongside 4 other expansive suites. A luxurious separate guest house, outfitted in steel and wood elements, runs along the back of the main home to peacefully accommodate friends or family. Additional highlights include a commercial-size theatre, steam room, sauna, fitness center, 8-car garage gallery, gated driveway, and 16-unique A/C zones. This estate offers functionality and easy-living, while boasting the ultimate museum-quality aesthetic and materials.
