# Elysian Horizon

This newly-constructed home in the heart of Beverly Hills is a triumph of style and design, showcasing 270 degree views from Downtown to the ocean. Located at the end of a cul-de-sac and walled in by mature trees, this estate offers privacy and tranquility. Renowned designer Joseph Ferrugio created a dynamic palate, from beechwood ceilings and walls wrapped in walnut to a backlit onyx bar, amethyst slab powder room, and elevator encased in a phenomenal resin chamber. Automated Fleetwood pocket doors capture far-reaching views and create a seamless indoor-outdoor flow to an expansive terrace with a distinctive 110 ft infinity pool and fire features. Floating stairs lead to the top level with a wraparound terrace, 2 guest suites, a spacious master suite with a sitting area, fireplace, showroom closet and gorgeous bathroom. A lower entertainers level holds a walk-in wine cellar, theater, wellness center, auto gallery, marble bar with a window to the swimming pool, and living green wall.
