This gorgeous brand new modern designed by Joseph Ferrugio is truly a one of a kind offering. Finished in the finest materials available it embodies luxurious LA living. Tucked away at the end of a private cut de sac in Prime Beverly Hills. A gated entrance welcomes guests to a stunning water feature and up to the massive door crafted from black glass. At 11,000 square feet this 5 bedroom 7 bathroom has ample space for friends, family and entertaining. Walls of glass throughout amplify the 180 degree views from downtown to the ocean. Fleetwood doors throughout further this creating the perfect indoor outdoor flow. Lounge and living room on the main level act as the gathering spaces for this home. An oversized chefs kitchen comes packed full of top end appliances, while an adjacent bedroom acts as additional office space.
