# Solis Retreat

As you enter this two-story contemporary home in the Hollywood Hills, you are greeted by an open floor plan flooded with natural light and breathtaking mountain views from every room. The living room features a dramatic double-height ceiling with an all-glass wall and sliding glass doors. This home offers four bedrooms: three en-suites on the second floor, each designed for comfort and privacy, and an additional bedroom/office on the first floor. A beautiful marble waterfall island highlights the gourmet kitchen. Fleetwood sliding glass doors disappear into the wall, opening to a zero-edge pool and spa, perfectly blending indoor and outdoor California lifestyle. Outside, several balconies and firepits create various spaces to relax or entertain, all while taking in the sweeping vistas. Additional amenities include a spacious walk-in closet, two fireplaces, a two-car garage, and room to expand around the pool/lounge area. This home truly captures the essence of luxury living.
