Impressive design and coveted privacy are hallmarks of this home, which has been thoughtfully renovated to emulate a botanical garden. Designed by South African designer Bruce Marais, you will discover its lavish features tucked behind lush landscaping, imported materials & every luxury amenity imaginable. The main residence provides regal entertainment spaces that merge a blend of materials from textured plaster, marble stone, and custom wood trimming. Every modern convenience has been added, including a high-definition cinema, surround sound, and a state-of-the-art security system. The primary suite offers a spa-like retreat with a soak-in tub and separate walk-in Carrera marble-lined steam shower. Amenities include a Moroccan-themed outdoor space and an additional guest house with a fully built-out kitchen with two separate bedrooms on each floor. Just minutes from Sunset Blvd, this estate redefines what it is like to escape the bustle of the city and offers effortless living like no other.
