Crescent Meadow

Architectural tour de force from HEH, in collaboration with BO.SHI Architects, pairs a warm organic atmosphere with a minimal, contemporary aesthetic for refined California living. Replete with sleek natural materials throughout, the seamless indoor/outdoor floor plan features main level entertaining rooms opening to the home's refined Pool Pavilion, a serene oasis overlooking DTLA. Carefully curated interiors feature a Miele showcase Kitchen, semi-screened guest/family Lounge, 6-room Master Suite w/ stone-clad spa Bath, dual closets and two sprawling terraces. Additional features include a full-size Home Theater and Bar, 5-car Garage, multi-car motor court and Elevator. Expansive open passageways and ultra-sized doors give powerful impressions of art-in-residence as if in a Gallery. Easily stroll to the Sunset Strip- although seemingly a world away. This thoughtfully designed retreat sets an entirely new standard for naturally-inspired design concepts amid an unbeatable urban locale.
