This Pacific Palisades residence combines classic detailing and quality finishes with an open, contemporary floor plan that invites gatherings large and small. Extraordinary indoor and outdoor living spaces are set on approximately 1.9 acres of mature landscaping. Refined interior treatments include vintage tin and hand-coffered wood ceilings, floor-to-ceiling windows and disappearing doors, and premium limestone and hardwood flooring. There are two full kitchens, a humidor, grand bar, home office/library, and screening room. Four bedrooms on the upper floor include a luxurious master suite with lavish bath and private view deck. Verdant setting includes a 40-foot hanging garden, detached home office/guest house, 20-foot custom-made exterior dining table, and Island Stone pebbled pool and spa. 3-car garage and large motor court plus second driveway for parking/maintenance. A magnificent achievement in an irresistible setting.
