"The Curve on Thrush", a newly constructed architectural gem nestled in the exclusive Bird Streets above the Sunset Strip. Designed by the award-winning Tag Front Architects, whose portfolio includes some of the most celebrated modern residences in Los Angeles, this sculptural glass home stands as a bold expression of art, architecture, and lifestyle at the highest level. With its sweeping curved glass facade and striking steel form, "The Curve on Thrush" is more than a residence, it is a statement piece. Elevated above the city and surrounded by multi-million dollar estates, it offers absolute privacy while being moments from the very best of Los Angeles. From world-class dining and high-fashion boutiques to iconic nightlife, this home places you at the intersection of Sunset Strip energy, West Hollywood culture, and Beverly Hills luxury. Inside, the interiors unfold with dramatic scale and seamless flow. Soaring ceilings, a floating glass staircase, and expansive open-plan living areas create a gallery-like experience designed for both grand entertaining and intimate living. Every element reflects the architectural precision and material mastery that define Tag Front's work. Three luxurious bedroom suites are appointed with spa-grade finishes and filled with natural light. A private theater, elevator access, and full smart home integration elevate the living experience even further. Outdoors, a sleek pool and spa are framed by drought-tolerant landscaping, blending sustainability with serenity. A rare offering in one of Los Angeles' most coveted enclaves, The Curve on Thrush is not just a home, it is a lifestyle, a legacy, and a landmark of contemporary design.
