Notes:

cr 340 burnet

All invoices are due upon receipt! Any unpaid invoices after the 15th day will ensure a 10% fee of the total invoice amount and a 5% daily fee until paid in full.

As of 1/1/24 a 3.5% fee will apply to all invoices paying by credit/debit card.

Estimates are only valid for 15 days after being issued and subject to change in price thereafter. Thanks for your understanding.

Central Texas Groundwater Conservation District

02/27/2026

[REDACTED]

Bertram, TX 78605

Dear [REDACTED],

The District has approved your Well Registration Application for the well to be located at:

[REDACTED]

Burnet, TX 78611

A Well Drilling Authorization, dated 02/27/2026, has been sent to J&J Water Well Services.

You have 180 days from the authorization date to drill and complete the well and you must file a well report with the District within 60 days of completion of the well. The Well Drilling Authorization sent to J&J Water Well Services indicated these deadlines and requested that they send us the required well report within 60 days of the well completion deadline. However, It is the responsibility of the well owner to see that the District receives this information.

A Pump Installation Report Form must be completed and signed by the pump Installer and returned to the District. A copy of this report form has been sent to the pump installer indicated on the Test Hole/Well Registration Application, J&J Water Well Services.

If you have questions regarding this process please contact the District Staff.

Sincerely,

A handwritten signature in cursive script that reads "Mitchell Sodek".

Mitchell Sodek
General Manager
