

Welcome!

Is your mind racing with all the possibilities? That's exactly what happened to us when we first stepped foot into this home!

We are the Louks family - and in 2019 after months of searching for a new home in the Littleton community, we were thrilled to find this newly renovated townhome- giving our family of four the perfect place to call home.

Nestled between Alpers Farm and Westbury Parks, Stanton Farms Townhomes is a quiet community where neighbors wave to one another as you walk down its many sidewalks and pathways. The majestic elm in the front yard is the only one of its kind in this area of the community, providing shade and a beautiful view as you approach the home towards the semi-private front porch. The hand painted rocks surrounding the tree base mark memories of our family engaging in creative expression during the pandemic.

The calm complimentary color palette, open main floor and segregated bedrooms gave our family the perfect balance to gather for Friday game/movie nights - then retiring in quiet private bedrooms for a great night's sleep.

There are so many aspects of this townhome that served us well! The enormous amount of cabinet space, beautiful granite counter tops and easy access pantry storage for all cooking and cleaning essentials made holiday baking projects flow with ease. Did you see the loft? It was a huge bonus - making for a wonderful home office right under the skylights!

Our college student loved the privacy of the fully finished basement, where she studied and visited with friends. The new concrete driveway and large 2 car garage provided enough parking for everyone, including a motorcycle! After study sessions, the girls would sprint to Southwest Plaza, the AMC Theater or their favorite haunt- Dutch Bros - only a 5-7 minute drive away.

As we move ahead to our new life adventures, we know that this home and all its possibilities will be a gift and comfort to another family who will love it as much as we have!

*"A house is made with walls and beams; a home is built with love and dreams" - Ralph Waldo Emerson*

With gratitude-
