COLLEYVILLE CITY COUNCIL,

Place Three

from the
desk of
kathy wheat

If you have driven around Colleyville recently, then you have most likely been impacted by some of the road construction happening in our city. I feel your pain, my family is impacted by construction traffic every time we leave or return to our neighborhood!

The good news is, our roads are going to be exceptional when the construction is complete! SH26 will be wider, safer and more attractive. The bad news is, the construction won't be completed until 2019.

With all this activity, do you ever find yourself choosing to avoid the construction along State Highway 26? I am sure many of us do. Unfortunately, SH26 is also the largest commercial corridor in Colleyville -- so every time we avoid driving down this road, we also miss seeing and stopping at the shops and restaurants along the way.

The City of Colleyville is being proactive about supporting our local businesses by rolling out some

really creative programs. As we move into the second quarter of the year (whoa - how did that happen already??) a great program is coming that allows us to support Colleyville businesses and help our schools at the same time! Your school should be getting you information as soon as the program is live, but you can always check the city's website for more information (look for "Q2P" when launched).

However, each of these businesses is part of our community and the best thing we can do is make an effort to shop and eat local -- especially during this challenging construction period. I consider myself fortunate to live in a community full of people who love their city as much as I do. I hope you will join me in making an effort to visit at least one extra business in Colleyville each week.

If we all support each other, we will come out of this stronger together than we were before!

Sincerely, Kathy Wheat,
Colleyville City Council, Place 3

COLLEYVILLE IS OPEN FOR BUSINESS

With the largest road construction project in Colleyville's history underway, now is the perfect time to shop Colleyville.

Business owners are feeling the effects of construction as it alters driveways, traffic, and storefronts, and now more than ever, they could use your help.

This doesn't just benefit businesses, shopping in Colleyville generates sales tax that benefit your quality of life.

The City of Colleyville uses sales tax dollars to pay for:

-  Police Officers
-  Firefighter equipment
-  Library story times
-  The Christmas Tree Lighting Celebration
-  Senior programs
-  Ball fields

When you think about where to eat and shop think Colleyville first.

SHOP COLLEYVILLE, IT JUST MAKES CENTS.

INVITES YOU TO HELP US SUPPORT
OUR COLLEYVILLE RESTAURANTS

By Kelli Haus

"ColleyvilleEats" & "KeepItInColleyville"

It is my hope to encourage Colleyville Residents to spend more of our dollars right here in our hometown. Recently I teamed up with Colleyville Resident, Lourdes McWhitney, to co-host our first five "Colleyville Eats" events. Come out and support our amazing Colleyville Restaurants for our #ColleyvilleEats campaign which is an effort to show our appreciation to the restaurants we do have in Colleyville and to encourage more restaurants to open here. It has been wonderful to see so many of you make it out to support our Colleyville restaurants!

MEET THE *Diaz Family*

By Riya Mohan
Photography by Yony Kim, YKL Photography

Drew and Sophie Diaz have been a part of Colleyville since July 2000. With their children, Audrey and Jean-Phillippe, they have created their perfect haven in Cutter Ridge Estates. They said, “We love Colleyville because of its charm and small-town personality.” We’re glad to have them as a part of the Colleyville community!

Drew Diaz was originally born in Mexico City and moved to Lubbock when he was 10 years old. After graduating from Texas A&M, Drew went to work within the medical device industry which took him to Europe for eight years. After his return, he co-founded Heart Science Inc., a Texas-based company and is now the CEO of Bone Solutions Inc., a new orthopedic device company based in Colleyville. Sophie Diaz was born and raised in France, in a city near Fontainebleau and moved to Barcelona in her early twenties. She too owns a successful company, Sophie Tel Diaz Real Estate Services Inc., which she started after relocating to Texas with her family. Drew and Sophie met in one of the most romantic ways possible, on a jet ski beach in Spain. When Sophie’s jet ski wouldn’t start, Drew offered his help. After they started talking, he invited her to a BBQ party and Sophie recalls, “The rest was history. We’ve been married for 23 years.”

“DREW AND SOPHIE MET IN ONE OF THE MOST ROMANTIC WAYS POSSIBLE, ON A JET SKI BEACH IN SPAIN.”

Their daughter, Audrey, is a senior at Covenant Christian Academy. She plays volleyball for her school and used to be an avid horseback rider. She is getting ready to go to college at the Texas Tech Honors College. Jean Philippe is now grown and living in Fort Worth. They have a lovely and joyful family full with three dogs, Sally, their Cockapoo, and their rescued Chinese Crested Powder Puffs, Rascal and Lucky. Along with their dogs, they have a barn cat named McKinney, Pretzel, the pony, and Bliss, a Quarter Horse. The family’s fondest memory together was when they spent a magical New Years, in 2000, in the Maldives. They said, “It was a beautiful night as we had dinner with our feet in the sand, released fire lanterns over the ocean and watched the last sunset.”

The Diaz family believe that it is extremely important to give back to the community, especially with the homeless community, where they believe that there is much help needed to properly diagnose mental illnesses. They contribute through programs like MHMR and Pathways. They have hosted a backpack drive where they collected collecting blankets, hats, scarves, gloves, warm socks, toiletry items, snacks and fill the collected bags to take them to homeless clinics. Thanks to help from the Colleyville Chamber of Commerce Thursday lunch group, Colleyville businesses and Colleyville residents, they were able to donate 500 bags last year.

2018 Rotary Of Colleyville *Dancing For The Stars*

The applause was loud and audience enthusiastic as the 2018 Rotary of Colleyville Dancing For The Stars event was held Saturday, February 24. For the second year in a row, Caliber Collision was presenting sponsor.

The Colleyville Center rocked as local celebrities were paired with professionals for a one dance performance. This years' celebrity contestants included City Councilwoman, Kathy Wheat, Mike Sexton, Erin Peterson, Chris McLucas, Doug Duvall, Janine Castleberry, Chris Gilliam and Ana Irwin. This annual Rotary event awards two categories, one for the most money raised and another for best dance performance. The 2018 winners were announced at the end of the evening with Chris Gilliam of Farmers Insurance raising the most money and Ana Irwin of Community Impact News garnering the best dance performance.

Congratulations to this year's co-chairs, Mimi Tran and Dwayne Smart for choreographing an event that raised \$72k to support Rotary of Colleyville charities here and abroad. Mark your calendar and get your tickets early for next years Dancing For the Stars Event slated for Saturday,

February 23, 2019. For more information on becoming a sponsor, attending next years' event or joining Rotary of Colleyville visit colleyvillerotaryclub.com where you can view more pictures!

“kiss an angel good morning” cabin

Hello *Colleyville Charm* Readers:

Since there are so many of you that own vacation rental homes around the Country, I thought it would be nice to allow you to share your properties here in *Colleyville Charm* with your Colleyville neighbors.

In order to get this ball rolling, I thought I would shameless start by sharing my brand new, custom built cabin in what I think is the most beautiful area of Oklahoma, near Beavers Bend Lake. My boys and I vacation in Broken Bow at least three times a year. It's our favorite weekend getaway that reminds us of Colorado without the 11 hour drive.

Our family cabin, “Kiss An Angel Good Morning” is a luxuriously rustic, two bedroom cabin at the end of a dead end road with a little creek at our property's end. It is custom built a one of a kind, tree house inspired hidden cabin nestled under 1.4 acres

of 80 foot pine trees. The photos just do not know show how beautiful this cabin is when you walk in through the front porch. I get lost every time I do. It's a cozy cabin that sleeps six comfortably in new, (my favorite) memory foam beds that will make it hard to get up in the morning for breakfast. It's a

sweet little, romantic two-story, 2 bedrooms, 2 full bathroom piece of heaven with a game room loft with a daybed and a trundle great for kiddos. The downstairs bedroom has double doors that opens to the back amazing deck and a sea blue, 4-seat hot tub, overlooking a forest that hides any other cabins from view. Yes, a little bit of heaven. Wind up the tree house staircase to the upstairs king bed master and the game room/loft with a foosball table and dart board game room with its own private

balcony. There are four 55” inch flat screen TVs (but who needs TV?) and over 550 feet of decks and balconies. Don't forget your s'mores for the fire pit! You will want to take a stroll to the Mountain Fork Brewery, Hochatown Distilling Company, and Okie Girls Coffee & Ice Cream Shop just for exercise.

Our family cabin is perfect for a your family, a small group of friends or the perfect place to “Kiss An Angel Good Morning”. This cabin is also within minutes of all Hochatown restaurants, wineries, fly fishing, canoeing, beautiful hiking trails and the most beautiful lake in all of Oklahoma, Broken Bow's crystal clear Lake.

To read reviews and check out availability go to www.VRBO.com and type in “1276815” in the search area. Or just call me directly at 817-658-6454. All the best friends! Kelli Haus

JILLIAN DITS

I have been passionate about the sport of volleyball since playing fourth grade rec volleyball on the “Shockwaves.” It is safe to say, seven years later, that volleyball is still my passion and an enormous part of my life.

The natural way to relieve stress

Floatation therapy is rapidly becoming the “go to” for highly stressed people, those with chronic pain, sleep disorders and much more.

Haven’t tried it yet, what are you waiting for?
817.485.3223

www.AtPeaceSpas.com • 1304 Glade Rd, Colleyville

I currently play for Texas Image Volleyball Club on their top 17’s team. This year I am a junior and played on the Varsity team at Colleyville Heritage High School. This season for CHHS, I received two preseason awards for Tournament Defensive Player at the PSA Lonestar Circle of Champions and All-Tournament Team at the Northwest ISD Volleyball Classic. I also earned First Team All-District, Academic All-District and Defensive MVP for the

District. My school team had a very successful season, going 14-0 and earning the title of District Champions. We continued on to make it to the fifth round of playoffs in Abilene. After the season was concluded, I was honored to be selected as one of 12 players in the state to represent the 5A-6A divisions by the Texas Girls Coaches Association to participate on the Red Team in the 2018 TGCA All-Star Game this July.

I have also enjoyed competing in beach volleyball for area clubs, most recently Beach 10K. I have competed in national tournaments in California and won several regional tournaments in

Dallas and Gulf Shores, Alabama. In 2015 my partner and I won the silver medal at the USA Volleyball National Beach Championships in Virginia Beach. As much as I enjoy it, I am not currently playing beach so that I can focus on indoor volleyball. I hope to return to the sand someday soon!

Now that it is club season, I’m practicing regularly and have tournaments most weekends all over the DFW area and out of state. So far this season, my team has won the MLK Ranking Tournament and we are currently ranked seventh in the nation. I believe, come July 1 at Nationals, my team has a good chance of placing high and possibly even winning! Before the National Championships in Detroit, my team will travel to several cities, including Salt Lake City, Indianapolis and Kansas City. This sport has allowed me to travel all over the United States and play against the greatest competition there is. This has made me a better player -- mentally and physically. The team nature of volleyball has taught me how to be

a better leader, how to adjust to different players and to collaborate as a team. I can use these life lessons on the court, in school and I will carry them with me throughout my life.

My love for the game comes from my love to be challenged and pushed to be the very best version of myself. In this sport, there is always room for improvement and each time I step on the court I aim to be a better player, skill-wise and a better teammate. I am thankful for the experiences I have had over the years of playing volleyball. his sport has given me strength, wisdom, and many friendships. I am truly thankful for Coach Barnes and Coach Yale at Tulane University for having faith in me as a student-athlete and giving me the opportunity to continue my academic and athletic career at Tulane University in New Orleans starting the fall of 2019. I am eager and excited to see what college life brings, especially the life of a student-athlete in New Orleans!

At this point, my options seem limitless. I am eternally grateful to my family, friends and coaches who have supported me throughout years of academics and sports. God has truly blessed me with endless opportunities and great people to share this wonderful life with.

KEYS TO STAYING *SAFE* IN A *Hailstorm*

Hail is one of the most common and costly weather hazards in the United States, causing hundreds of millions of dollars in damage to buildings, vehicles and crops every year. Help guard against the damaging effect of this severe weather event by following the hailstorm safety steps below.

Make a plan: A hailstorm can disrupt electrical service and is often accompanied by other severe weather events, such as hurricanes and tornadoes. Prepare your family for the hazards and inconveniences of a hailstorm by creating a disaster preparedness plan, including a disaster survival kit and an emergency evacuation plan.

Stay informed: Hail often occurs during severe weather patterns, such as strong thunderstorms. When severe weather threatens, tune in to weather reports for updates. A severe thunderstorm watch means that a storm poses an immediate threat to the people and property in its path. This warning may be accompanied by a siren or other community alert system.

Move inside, stay inside: Hailstones vary greatly in size, but even small ones — driven by gravity and strong winds — pose a danger to anything or anyone caught in a storm. As a storm approaches, put vehicles in the garage and bring pets inside. Once you're indoors, close all drapes, blinds or shades to prevent broken window glass and hailstones from entering your home. If possible, move to any other level of the building not directly below the roof.

If you're on the road during a hailstorm, stay in your vehicle and slow down or stop, as roads may become slippery. Once you have pulled over safely, turn your back to windows or cover yourself with a blanket to protect yourself from broken glass.

Protect your roof: Roof damage is a common consequence of hailstorms. Following a strong storm, you should evaluate the condition of your roof to identify any damage and prevent further deterioration. The Federal Alliance of Safe Homes (FLASH) has information about strengthening your home's roof decking and shingles against hail and other severe weather. Even if your roof is not currently damaged, you may want to discuss making these changes with a reputable roofing contractor.

Roofing Discounts: You may qualify for discounts on your homeowner's insurance premiums if you use certain impact-resistant roofing products. Premium reductions are not available for roofs that have been overlaid onto existing roofs, except for certain qualifying metal roofs. Read this list of qualifying roofing products and the states where discounts are available.

To be eligible for a reduction in your State Farm homeowners insurance premiums, you will need to complete this certificate. But before installing an impact-resistant roof or for more information about roofing discounts, please contact your State Farm agent.

RILEY & RUSTY PATRICK

By Donna Kaye Patrick

Meet Riley and Rusty Patrick, our two-year-old Cock-a-poos born on Valentine's Day! Their love story began two years ago in April when our sweet little Yorkie died unexpectedly while we were on vacation. Heartbroken over our loss, I didn't know how we would ever fill his shoes. Even though I was not ready for another dog, our boys wanted one so bad that I started the search just a few weeks later. When I found this precious litter of puppies, we immediately knew Riley was ours. My mother-in-law, Corinne Patrick, was also looking for a new dog so our boys picked Rusty for her! The day we brought the brothers home, they were instantly part of the family. Just a few months later, Corinne was diagnosed with Cancer. Shortly after her diagnosis, Corinne and Rusty moved into our home so we could care for them both. Riley and Rusty spent many days at her feet as loving companions through her treatments. Unfortunately, we lost Corinne to cancer in June but gained Rusty as a permanent member of our family. He is a constant reminder of her and brings a smile to our faces daily. The two dogs share so many similarities from the way they nudge you into petting them, sit backward over the couch and chase every neighbor up and down the fence row. Both dogs love family road trips to our cabin in Colorado, sharing a couch for long naps, running to the kitchen when they hear me scrambling eggs and rolling around together on the living room floor. Riley and Rusty were destined to be together and part of the Patrick family!

SPRING BREAK VACATION PHOTOS!

By Bridget Moore, Brook Meadows Resident

My Heart Is (still) In Havana!

Touring Havana at sunset in classic cars

By **Bridget Moore**, Brook Meadows Resident

I recently traveled to Cuba and can't wait to go back! Tourist travel to Cuba is prohibited by the US government for US citizens, however, you may visit Cuba if your travel falls under one of the 12 authorized categories – my Food and Drink tour was a “people to people” educational travel and cultural exchange and so was allowed. We flew to Havana from Miami on a commercial American Airlines flight.

One memorable dinner was at the San Cristobal Paladar (a Paladar is a privately owned and operated restaurant) and was spectacular. The Obamas dined there in 2016 and other notable guests have included the Kardashians and Beyonce. The food scene in Cuba is still in its infancy, so lots of experimentation is happening. In general, entrees were simple and usually didn't

have a sauce or fancy sides. Seafood was everywhere (swordfish, ceviche, lobster), as well as rice and beans, and everything you can think of was made from taro root or guava.

The national drinks of Cuba all start with rum and include The Mojito, The Daiquiri and The Cuba Libre. I was surprised to find out that the “mint” in a Mojito was not Spearmint as I had originally thought, but a similar relative called “Hierbabuena,” which is less minty and more citrus-y. I hope to find some and grow it this summer here in Texas!

Art and music are everywhere in Havana. There are many galleries, but also sculptures, tiled murals and even graffiti that caught my eye. “La Habana Vieja,” or Old Town, is a UNESCO World

Graffiti on a wall in Old Town

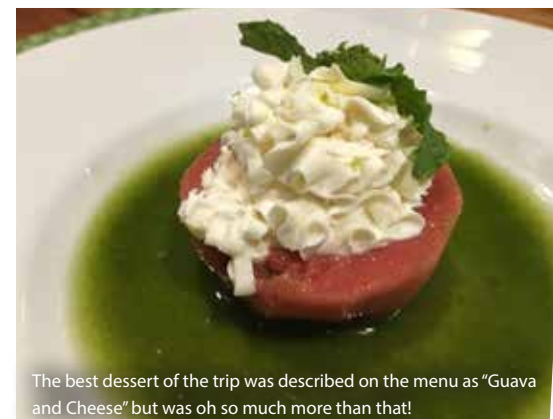

View of the Malecón and Hotel Nacional from the rooftop of our hotel

Heritage Site and full of art, history and street food! And, of course, the quintessential classic cars of Cuba were everywhere, lovingly restored and painted bright, bold colors.

The most memorable thing about Cuba for me was the people. They are welcoming, friendly, intelligent and enjoy engaging in conversation.

I had an unforgettable, amazing time and so wanted to share some of my experience. It was definitely a trip of a lifetime!

I had an unforgettable, amazing time and so wanted to share some of my experience. It was definitely the trip of a lifetime!

The best dessert of the trip was described on the menu as “Guava and Cheese” but was oh so much more than that!

I learned in cocktail class that to make a perfect mojito, the stem of the Hierbabuena should be crushed onto the side of the glass, not the leaves

“Neighbors’ Night Out” With Expressions Home Gallery

colleyville charm

In January as we all settled into a new year, *Colleyville Charm* was proud to co-host the residents of Colleyville with our friends at Expressions Home Gallery. Located in Southlake, their beautiful luxury Kitchen, Bath, Outdoor Living and Lighting showroom provided an interactive setting for our social mixer. The relaxed atmosphere is like visiting a friend’s home.

Colleyville residents were joined by residents from other N2 Publishing neighborhoods and communities including the Town of Westlake, Carillon, Timarron, Lakes at Los Colinas as well as Hidden Lakes and Marshall Ridge in Keller. All in all, over 120 people attended.

Domestic beer and wine were provided by Bear Creek Spirits and Wine in Colleyville. Appetizers were stationed throughout the showroom from several area restaurants with bakery items including delicious desserts and fresh croissant sandwiches provided by Costco/Southlake.

Watch future issues for upcoming “Neighbors’ Night Out” events like this one, as well as several business-to-business mixers for Colleyville professionals who would like to network with other area professionals from the communities mentioned above.

Special thanks to our partners at Expressions Home Gallery!

2017-2018 GRAPEVINE COLLEYVILLE Hockey Club

The GC High School Hockey Club is excited about being featured in Colleyville Charm Magazine. Opportunities like this don't happen often for HS hockey clubs because in Texas, HS Hockey is not UIL sanctioned. This means teams don't get support from the school system -- financial or otherwise.

Despite the lack of support, the sport is in its 22nd year and the number of participants is growing. The Dallas Stars manage HS hockey in the state much like UIL does for sports they support. This season there are more than 60 teams and over 1,000 players in the state.

While this sounds substantial, 60 teams is a small fraction of the number of senior and junior high schools. There are very few schools in the state that have enough players for a hockey team, therefore, most teams are comprised of players from multiple schools.

The GC varsity team has 19 players from seven schools (GHS, CHHS, LD Bell, Trinity, Birdville, Arlington Heights and Benbrook). Twelve of the 19 players are from GCISD and five of them are graduating seniors. Brad Branscum from GHS will attend University of Arkansas, Alec Monhollen from Collegiate Academy will attend Texas A&M, Damon Davanloo from CHHS will attend UNT. Thomas Demers and Mason Goddard from CHHS are undecided on colleges.

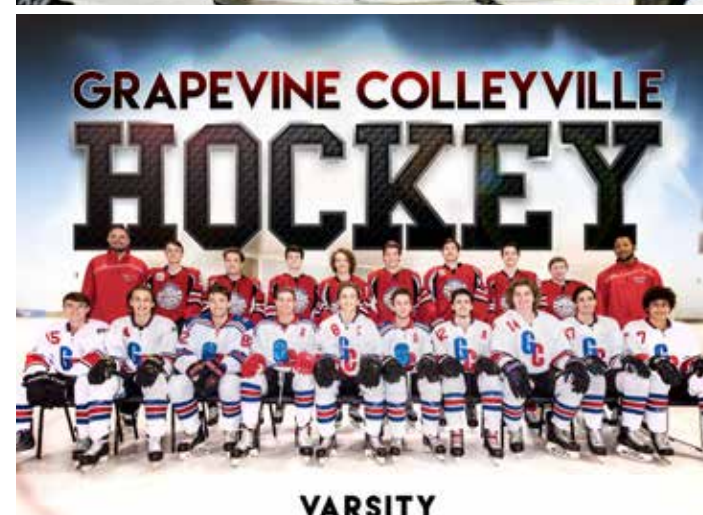

The GC Club consists of a Varsity and a JV team. The JV team finished fifth place of 10 teams with an 8-8 record. The Varsity team finished second place of nine teams with a 15-3 record. The Varsity team is heading to the State Tournament March 16-19 where it hopes to win its fourth State Championship. Check out the team website at grapevinehockey.com.

Would you like to see your high school team featured in a future issue of Colleyville Charm? Let me know! **Email me at Kelli@N2pub.com**

Colleyville's Garden Club Promenade Garden Tour

May 6 from 11 a.m. to 4 p.m.

charming courtyards

By Carol Wollin, CGC Parliamentarian & Publicity Chair

The Colleyville Garden Club invites you to its 23rd Promenade garden tour, scheduled for Sunday, May 6, from 11 a.m. to 4 p.m. Five beautiful gardens in Colleyville will be showcased on this nationally recognized tour. With the focus on different types and sizes of gardens, there will be something for everyone. Gardens may be viewed in any order and club members and Master Gardeners will be located throughout each garden to answer attendees' questions.

Additional highlights on the tour will include a raffle and educational exhibits about bees and seeds. The popular plant sale featuring plants seen on the tour as well as some from members' own gardens will be located at Colleyville's historic Webb House, found at the corner of Bransford Road and Shelton Drive.

Tickets are \$20 and may be purchased at Foreman's and Market Street in Colleyville; Blooming Colors and Marshall Grain in Grapevine; Calloway's in Hurst and Southlake; and Landscape Systems in Keller. For more information, visit ColleyvilleGardenClub.org.

Colleyville Garden Club is a nonprofit 501(c)(3) organization. Promenade is the club's only fundraiser and proceeds go towards civic beautification projects and college scholarships.

Each April, over 300 talented area high school students from Grapevine, Colleyville, Southlake, Westlake, Keller and North Fort Worth submit artwork to the **Art in the Square Youth Art Competition**, which is a student art competition in conjunction with Southlake Women's Club three-day festival, **Art in the Square**. Students artwork goes before a juried panel that also judges professional artists at the festival. The top 100 pieces are displayed throughout the event, which receives tens of thousands

of visitors over the weekend. This contest is open to any public, private or home-schooled student in grades ninth through twelfth (or home-school equivalent) who lives in NE Tarrant County.

Six years ago my office created the Lone Star Artist Award for the top student artist. We work with the State Preservation Board and the winner will have their artwork displayed in Texas Capitol for a week over the summer for visitors, legislators and staff to admire. Kids Matter International is a long-time sponsor and provides hotel accommodations in Austin and spending money for the winner and family to view their artwork on display. In addition, local realtor, Roxanne Taylor, sponsors prizes for the runner-ups and honorable mentions.

This year **Art in the Square** will be April 27-29, 2018. Artists from all over the world attend and it is consistently ranked in the top-ten art festivals in the nation. Not only is there art, but also live entertainment, kids zone, food and beverages. Although the event is free to the public, it generates over \$300K annually that the Southlake Women's Club redistributes in the form of scholarships and grants to local nonprofits. For more information go to www.artinthesquare.com

I am privileged to work with the Southlake Women's Club on this project. I look forward to a continued partnership that recognizes and honors young aspiring artists in my district.

Please take time over the weekend to attend the festival and stop by the Student Art tent -- you will not regret it. If I may ever be of service to you, please do not hesitate to contact me at the office at 817) 601-5446.

DEAR COLLEYVILLE CITIZENS:

i will survive

In today's environment, the ability to help defend yourself, your children and your family, as well as having the knowledge to protect our own personal safety, is becoming more apparent each day. The City of Colleyville is the safest City in Texas and we intend on keeping it that way.

As President of the Colleyville Citizens Police Academy Alumni Association (CCPAAA), and on behalf all its members and the Colleyville Public Library, I am excited to share a fantastic opportunity for the female citizens of Colleyville.

Starting again July, the CCPAAA along with the sponsorship of Colleyville Public Library, we will be sponsoring a R.A.D. (Rape-Aggression-Defense) self-defense class. Since 1989 more than 900,000 women worldwide have participated in this nationally recognized self-defense class.

This program is for WOMEN ONLY age 16 years and older. The entire course consists of 4 total classes, over 4 weeks. Starting in dates to be determined in July, lasting approximately 3 hours.

Our program instructor will be Cpl. James Gordon. Cpl. Gordon, is a 22 year veteran of the Euless Police Department and Colleyville Resident, has been instructing RAD classes

since 2010. He has a background in Wrestling, and Martial Arts, and has served as a, Defense Tactics Instructor, for the Euless Police Dept. since 1999.

We encourage everyone to participate with someone you know. It will make it a lot more fun, and you'll create memories that'll last for a lifetime. So join the class with your daughter, friend, your sister or your mom!

WHAT: R.A.D. (Rape-Aggression-Defense) self-defense class, http://www.rad-systems.com/about_articles.html

WHEN: Dates to be determined in July

WHAT TIME: Approximately 6:30-9:30 PM

WHO: The first 25 women to sign up

WHERE: 3rd Floor of the Colleyville Library, 110 Main Street

HOW: Sign up go to the Facebook page for "Colleyville Citizens Police Academy Alumni Association" or call me at (864) 238-3995 or Corporal James Gordon at 817-685-1686. Although this class is FREE to attend, used book donations for the Colleyville Public Library would be wonderful.

We are looking forward to offering this awesome program to our community now, and into the future. We cannot wait to see you there!

Respectfully,
Wayne J. Maynard - President
Colleyville Citizens Police Academy Alumni Assoc.

Best Parks For Photos

Parr Park, Grapevine

The Webb House

The Webb House

Let them hang off the edges or lean in their most comfortable position. Next, go explore Parr Park, in Grapevine. Parr Park has wide open fields full of green and large, wide trees perfect for those fuzzy background pictures. Imagine these trees in full green with a bright blue sky. Parr Park also has two beautiful bridges. The lines of the bridges are very popular and pull the eye toward your subjects. By choosing to include plaque, you will always know where the photos were taken.

And, finally, McPherson Park has industrial, historical and vintage elements. These elements give nice contrast to your dancers and context to your outdoorsy FFA students or Scouts. The barn doors, corrugated steel and red clay log cabin provide structured framing of your photos while the great greenery and a fountain provide a natural and flowing setting. Other exceptional photo spots include the water fountains around Colleyville City Park and Bear Creek Park off 360

in Grapevine which has a **large** Bridge and more natural wooded background.

Watch the light. All times of day do not work for photography. Before you get the kids dressed and out the door to investigate what kind of light you like. Parr Park was taken at dusk with a haze. McPherson was taken mid-day. The Webb house & Caboose has great morning and evening sun. My preference is early morning sun.

It's time to get the camera out and explore.

Oh, where to take **SENIOR PHOTOS?**

By Annette Walters

Annette Walters is a Colleyville mom of a Senior at Covenant Christian, a veteran ReloMom, Realtor, now an aspiring photographer of one CCA Senior and lives in the Alliane Neighborhood.

Last month I took a photography class I found on Colleyville Moms Facebook Page. It was about learning how to use all those manual features my fancy camera has. It was fantastic! FStop, aperture, white balance and focus all make more sense.

Armed and dangerous, I've decided to tackle my Son's Senior Portraits, hopefully, without too much eye rolling. But **Where???**

My "Senior Guy Photos" Pinterest board show forests, pastures, fences, bridges and brick walls. I don't want to extend my son's painful photo experience any longer than I have to. I need to find these areas close by and on the **Cheap!**

Focusing on public property to accomplish the **cheap** goal, I toured local parks and public buildings. I found everything I was looking for in three places: The Webb House with Red Caboose, Parr Park and McPherson Park.

The Webb House with Red Caboose has that olde tyme feel. With a beautifully restored prairie farmhouse and garden, bright **Red** caboose and grand wildflowers, now in bloom, this gave us multiple areas to take vibrant pictures. For natural framing, choose the Caboose or front porch.
