THE GOLF CLUB

VIA MIZNER

The Golf Club idealizes a humble reverence for the legacy of the game. At its center, a spectacular Jack Nicklaus Signature course featuring 18 championship holes—in an environment and setting unlike any other Florida golf course. The terrain and vistas complement the core of an exceptional private club, nestled in an intimate Golf Village. With separate plantation-style buildings for the golf shop, locker rooms, restaurant and bar, and fitness center—all connected through a series of covered porches. An experience as inspired as it is comfortable. Old Florida at its best.

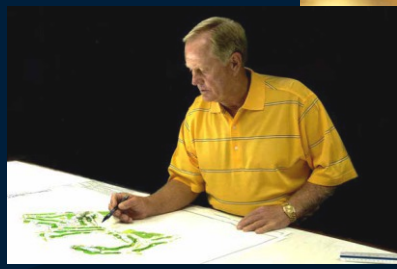

Golf at its purest.

Inspired by the storied courses of America, The Golf Club features emerald-colored Latitude 36™ fairways, TifEagle putting greens, and water hazards on 14 of 18 holes. With wall-to-wall fairways, organically sustainable pine straw, and tees that are laser-leveled yet indistinguishable from their surroundings, The Golf Club at Via Mizner balances stunning landscapes with playability in its natural environment.

"I've designed a championship golf course at Via Mizner which reflects the grace and stature of Boca Raton – one of the most prestigious golf destinations in the world."

Immersed in informal elegance.

Nestled in a private golf village, the clubhouse and facilities are designed to be comfortably elegant, sophisticated, and unquestionably memorable. The locker room setting, in its own building, harkens to the heritage of the game with vaulted ceilings, wood beams, and rich leather furnishings.

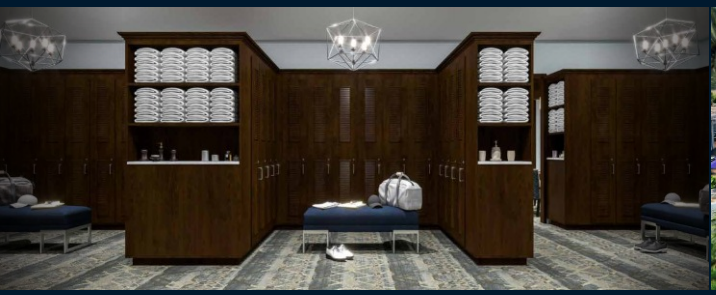

With a classic approach to hospitality — always attentive to your needs but never indiscreet—Mandarin Oriental culinarians at The Golf Club deliver extraordinary international cuisine and exotic flavors with award winning levels of service.

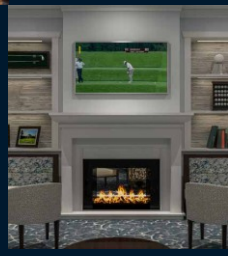

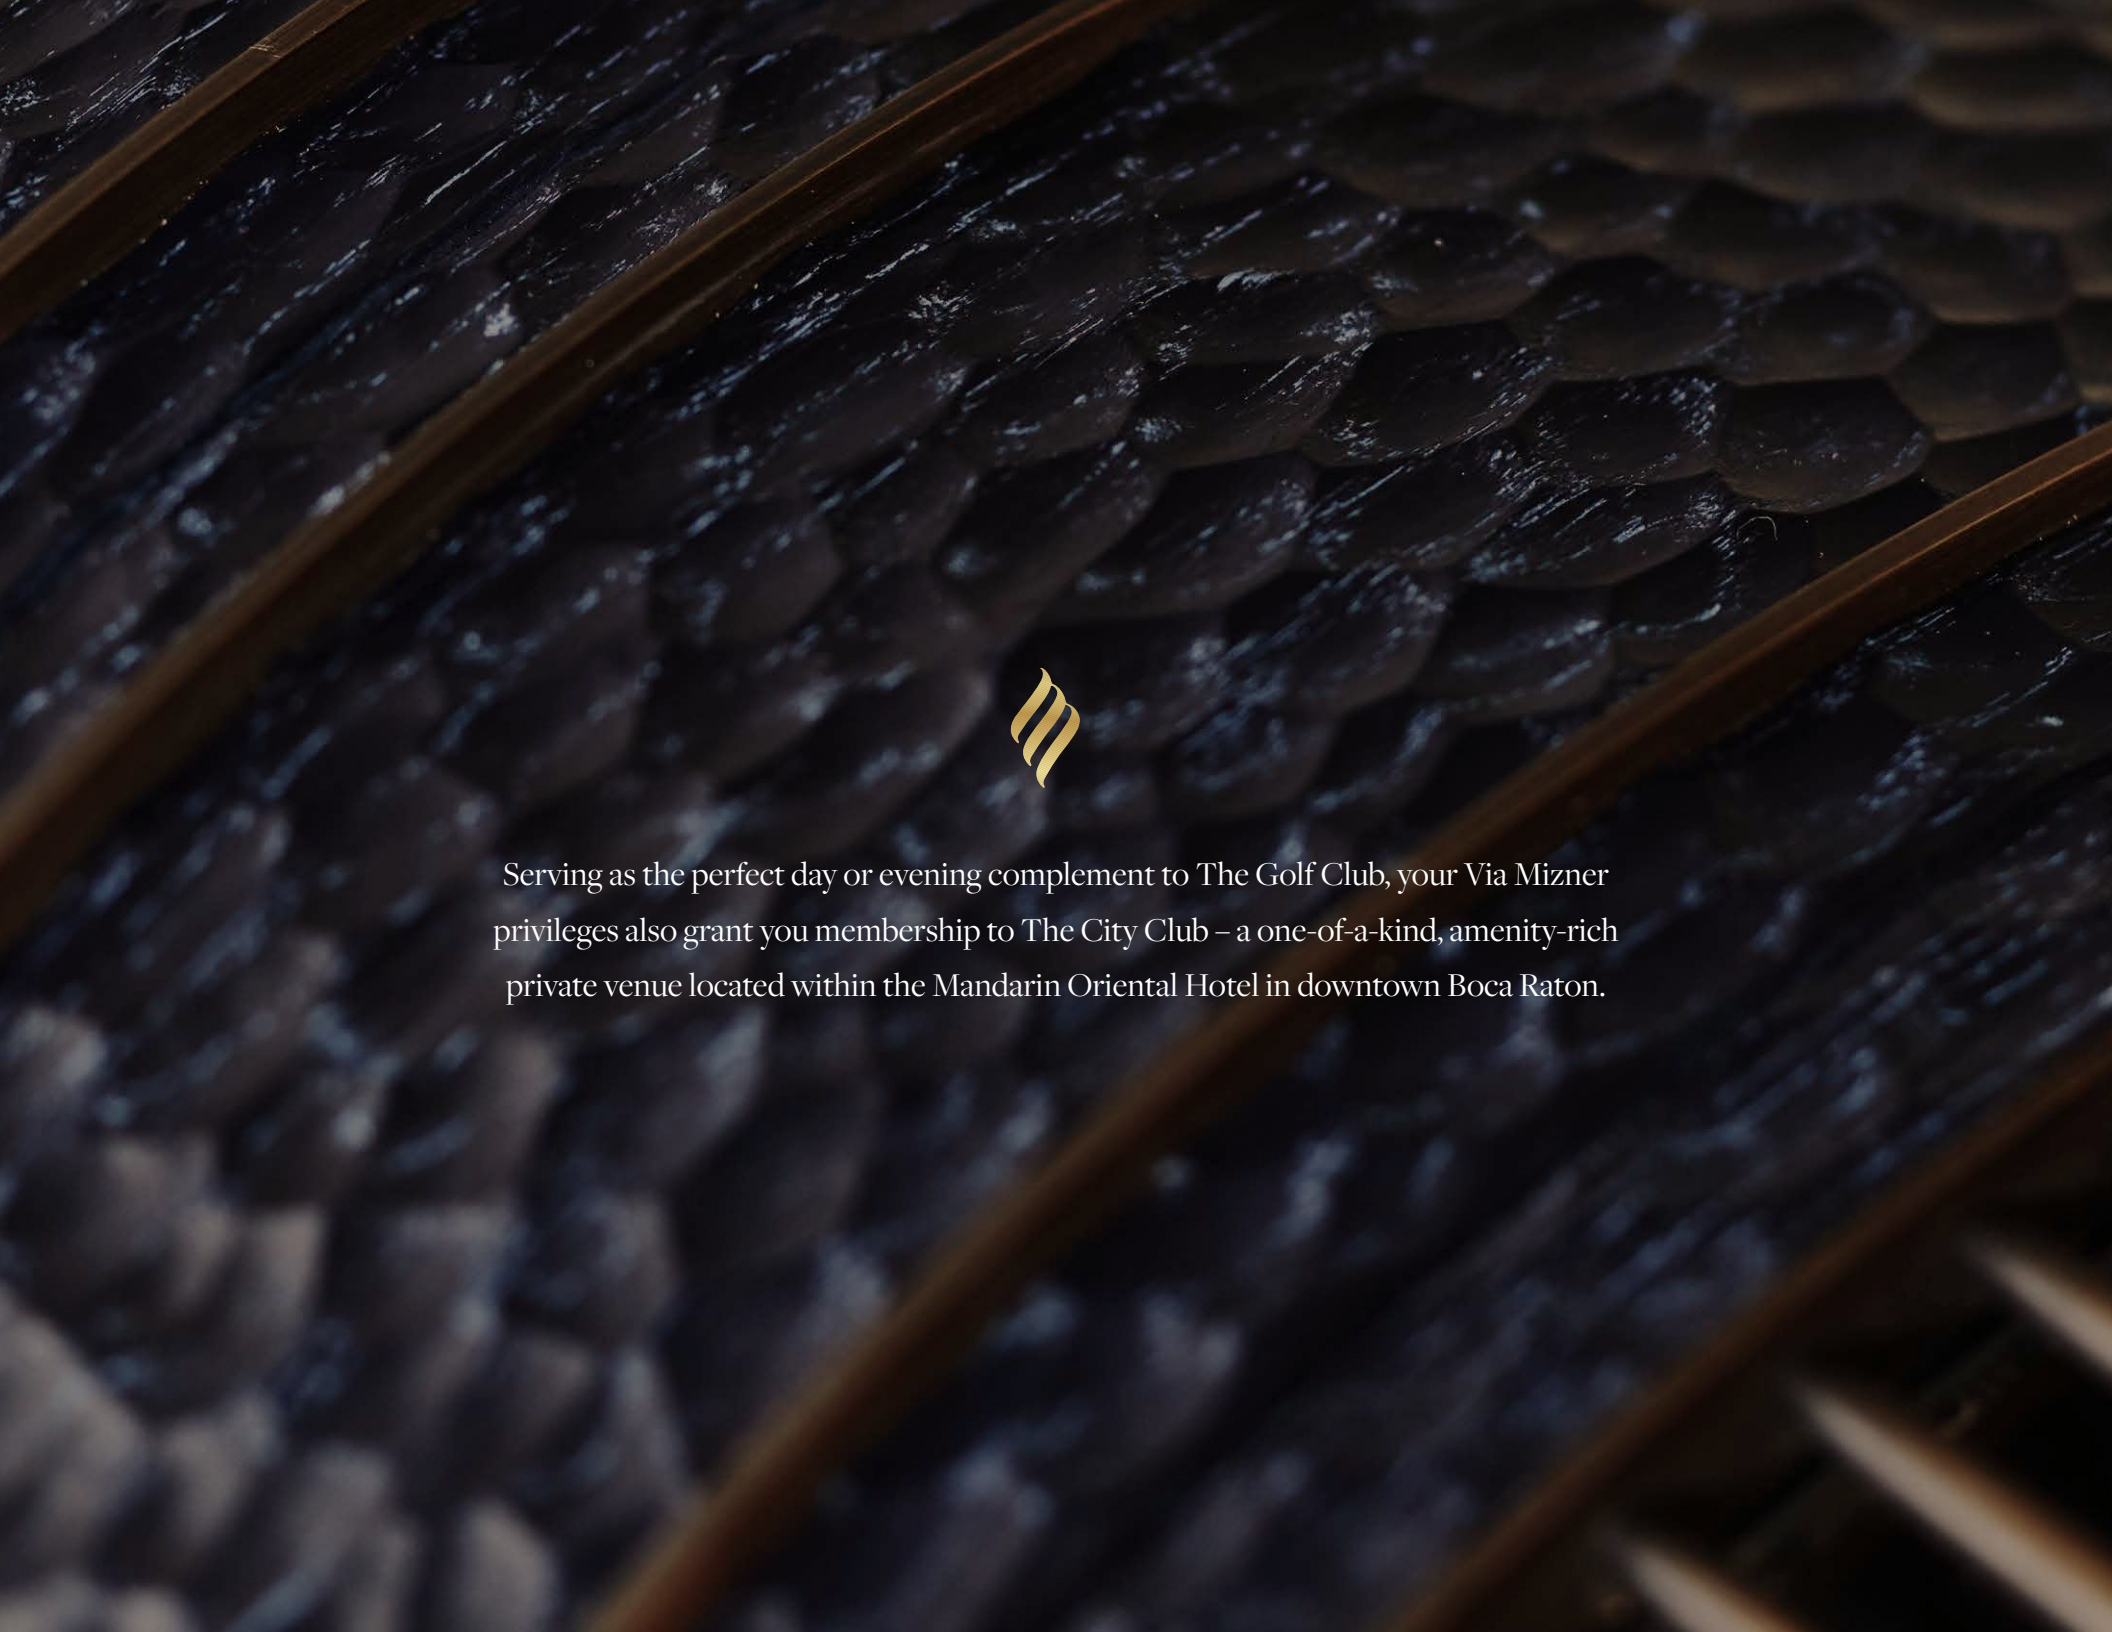

Within The Golf Club, members and guests will also enjoy tennis facilities, swimming pools, and a pro-performance fitness center— all connected by stunning covered walkways and majestic wrap-around porches.
