While Sarasota's skyline and city lights are very much part of the attraction, these residences enjoy spectacular long views of the marina out to wide vistas of the bay. As one enters the residence, the plan opens to a wide panorama — simply breathtaking. Indeed, well over half of the residence is glass, enhancing the spacious feeling of this already expansive plan — nearly 3,600 square feet. Four ensuite bedrooms, along with a den/office/media room, are artfully arranged for an idyllic life on the water.
