TROPICAL MODERNISM

With its signature clean modernism as a point of departure, SOM let the site—with its unique access to the most exclusive beach— influence the evolution. The pure geometry of straight lines yielded to the organic contours of the landscape. The resulting tropical modernism incorporates rounded forms that echo the natural surroundings and maximize views of the Atlantic Ocean and Biscayne Bay.

A ONCE-IN-A-LIFETIME OCEANFRONT PARADISE

Perfectly poised on the most beautiful stretch of beach in the country, Rivage Bal Harbour rises from the lush tropical landscape, a beacon of modern living. This very limited collection of bespoke residences offers a luxurious life immersed in nature, mere steps from the ocean on the last beachfront property to be developed in Bal Harbour. These light-filled villas in the sky provide elevated services and amenities on par with the world's finest hotels. The result is a refined and considered approach to total well-being.

An aerial photograph of a coastal city at sunset. The foreground shows a residential area with many palm trees and houses. In the middle ground, there is a large body of water, possibly a bay or harbor, with several high-rise buildings along the waterfront. The background features a distant city skyline under a sky with soft, golden light from the setting sun. The overall scene is peaceful and scenic.

PARADISE FOUND

Rivage Bal Harbour, the last new development on this pristine white sand beach, offers a rare and coveted opportunity. This is an unparalleled location, with unobstructed views of the Atlantic, the Intracoastal Waterway and beyond. It's paradise on earth.

SOM

Skidmore, Owings & Merrill, founded in 1936, creates award-winning residential spaces and hospitality experiences around the world. Their masterful modern architecture continually explores new ways to reinforce a sense of place and provide for the wellbeing of residents. Careful consideration of lifestyle and cultural context, as well as amenity, efficiency and aesthetics, are the cornerstones of their uniquely holistic approach.

PARADISE FOUND

This luminous glass facade of this 275-foot tower reflects the dazzling beauty of the natural surroundings. Inside, every exquisite element is designed with impeccable attention to detail. The grand scale of these beachfront family villas — with their generous balconies, large windows and private elevators — creates discrete residences that are self contained homes.

LOBBY

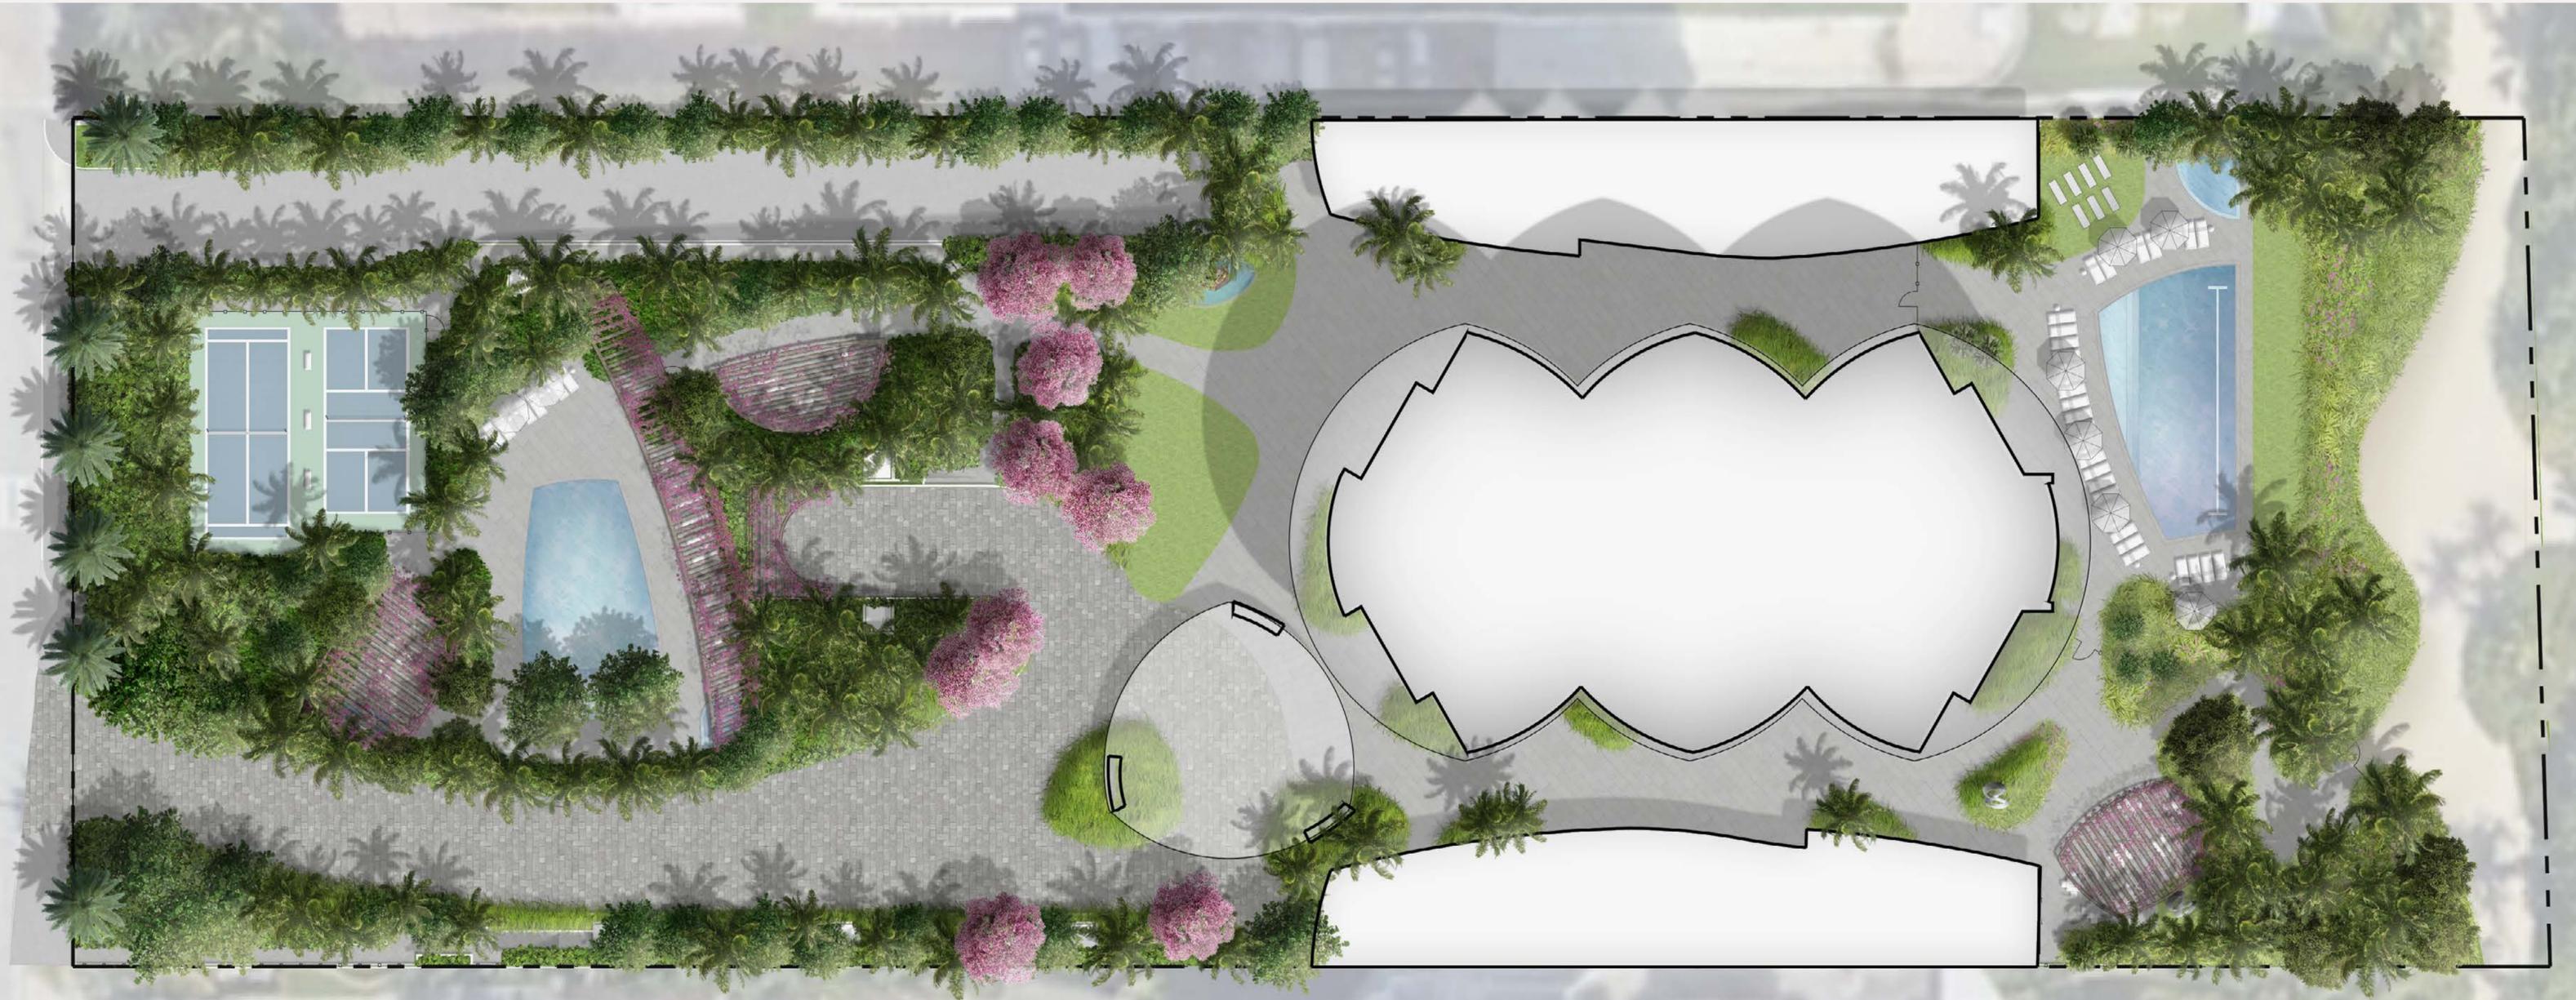

The conceal/reveal technique is omnipresent, with water elements, stone walls and prolific plantings carving out intimate spaces and creating thresholds to outdoor rooms, encouraging exploration and surprise. Diaphanous architectural screens in lobbies and lounges, along with changes in elevation, also help build an alternating cadence of intimacy and openness, inviting residents to adventure through the property.

WELCOME TO THE AMERICAN RIVIERA

Bal Harbour has been elite enclave since its inception in 1929. The tiny tip of this barrier island is paradise found for the world's wealthiest connoisseurs. Here, you'll discover the most sophisticated and culturally rich version of South Florida's exuberant, retro-fabulous glamour.

A favorite of snowbirds from the beginning, the town welcomed the now-legendary Bal Harbour Shops in 1965 with a caliber of stores unrivaled by Manhattan's Madison and Fifth Avenues and the Champs-Élysées in Paris.

The village is also home to Unscripted Bal Harbour, a renowned public art program, and to its Art Access program that provides complimentary admission for residents and their guests to some of the area's finest museums.
