

Stonegate Townhomes

The following lists and definitions are intended to guide the homeowner, the Homeowner's Association and its Board of Directors along with the Community Manager. The Association and Owners responsibilities are established in Declaration of Covenants, Conditions & Restrictions and Architectural Guidelines where applicable.

Please note:

- Homeowner responsibilities along with those for the City/County/Town and related utility companies are not necessarily limited to items on the list.
- HOA Responsible items are generalizations and may be done on an individual work order basis or only as a scheduled project (such as power washing, painting, or total roof replacement). Reach out to your manager regarding questions about any specific line item.
- If there is a discrepancy between this list and the Declaration of Covenants the Declaration of Covenants will supersede this list.
