

SELLER'S PROPERTY DISCLOSURE STATEMENT

EXHIBIT " _____ "

2026 Printing

This Seller's Property Disclosure Statement ("Statement") is an exhibit to the Purchase and Sale Agreement with an Offer Date of _____ for the Property (known as or located at: 13 Kensington Road

Avondale Estates _____, Georgia, 30002 _____. This Statement is intended to make it easier for Seller to fulfill Seller's legal duty to disclose hidden defects in the Property of which Seller is aware. Seller is obligated to disclose such defects even when the Property is being sold "as-is."

A. INSTRUCTIONS TO SELLER IN COMPLETING THIS STATEMENT.

In completing this Statement, Seller agrees to:

- (1) answer all questions in reference to the Property and the improvements on the Property;
- (2) answer all questions fully, accurately and to the actual knowledge and belief of all Sellers (hereinafter, collectively "Knowledge");
- (3) provide additional explanations to all "yes" answers in the corresponding Explanation section below each group of questions (including providing to Buyer any additional documentation in Seller's possession), unless the "yes" answer is self-evident;
- (4) if prior to Closing there are any material changes in the answers to any of the questions, Seller shall promptly revise the Statement and provide it to the Buyer and any Broker involved in the transaction.

B. HOW THIS STATEMENT SHOULD BE USED BY BUYER. Caveat emptor or "buyer beware" is the law in Georgia. Buyer should conduct a thorough inspection of the Property. If Seller has not occupied or recently occupied the Property, Seller's Knowledge of the Property's condition may be limited. Buyer is expected to use reasonable care to inspect the Property and confirm that it is suitable for Buyer's purposes. If an inspection of the Property reveals problems or areas of concern that would cause a reasonable Buyer to investigate further, Buyer should investigate further. A "yes" or "no" answer to a question means "yes" or "no" to the actual Knowledge and belief of all Sellers of the Property. In other words, if a Seller answers "no" to a question, it means Seller either affirmatively knows that the answer to the question is "no" or has no Knowledge whether such condition exists on the Property. As such, Seller's answers should not be taken as a warranty or guaranty of the actual condition of the Property, nor a substitute for Buyer doing its own due diligence.

ADDITIONAL EXPLANATIONS (If needed):

Our lawn service did a massive yard cleanup and planted some shielding plants in the back left corner of the property, added the front porch planter with the flowers, . The large planter on the front porch will convey with property. The lawn service noticed some of the gutter drain lines were clogged in the rear so we extended them temporarily.

We had a master electrician inspect the main panel and electrical system of the house. The panel, while older, is in excellent working order and there is plenty of space in the panel for expansion. "Since the house uses gas to heat the air and water, the electrical load is quite low and the new HVAC has a much smaller draw than the previous system". His strong recommendation was not to replace it. If someone was going to do a large addition, that would be the time to revisit it.

We also had the plumber who replaced the water heater scope the sewer line from the house to the street. It's still the cast iron pipe, and it has some scaling, but there are no cracks and no root intrusion or any other issues. We have the video of the sewer scope and can share that with the buyer. It's older but still in good shape and no issues.
