

TOP-PRODUCING AGENTS

CONNIE DORNAN

@properties

Connie Dornan has always had a passion for architecture, design, people, and business. She has drawn on all of these through her rise in the ranks of North Shore residential real estate brokers.

Dornan is a leading residential real estate broker for @properties, specializing in residential homes on the North Shore. She's enjoyed making her clients' dreams come true throughout her 18 years in the industry. Dornan's innate ability to get to know her clients' personalities sets her apart, and her keen attention to detail never fails to make clients return.

Many of Dornan's clients come from the city, hoping to find a home in the suburbs. She excels at playing the matchmaker role, often connecting clients to a dream location they would have never thought of.

For the last five years, the North Shore Barrington Association of Realtors recognized Dornan in its top 1 percent of brokers by residential sales volume and overall sales transactions. She's also been recognized as the No. 1 individual broker for @properties-Glenview in closed transactions and volume for the last nine years. Crain's Chicago Business named Dornan a Notable Residential Real Estate Broker for the last five years, and Real Trends ranked her as No. 2 in Illinois among all individual brokers for volume.
