

# 2 Kendall Avenue

SOUTH ORANGE, NEW JERSEY

Dear Potential Owners of 2 Kendall —

As you consider what may be your future home, we wanted to share a few thoughts about a place that has meant so much to our family.

For more than 20 years, 2 Kendall has been a home filled with pride, love, laughter, and warmth. It has been the backdrop for countless cherished memories, family milestones, celebrations, and everyday moments that have made this house truly special to us. While we are excited to begin our next chapter, the memories we have created here will always hold a special place in our hearts.

What makes this home even more remarkable is the community that surrounds it. Kendall is much more than a street — it is a close-knit neighborhood where neighbors become friends, families grow together, and traditions thrive. From block parties and progressive dinners to holiday gatherings and impromptu get-togethers, there is a genuine sense of connection and belonging here. We encourage you to jump right in and embrace all that this wonderful community has to offer.

Please know that 2 Kendall has been lovingly cared for and deeply appreciated. We have been fortunate to call it home, and we hope that whoever becomes its next owner will find the same sense of comfort, happiness, and belonging that our family has enjoyed over the years. We trust that this special home will continue to be the setting for wonderful memories and new adventures for many years to come.

With warm regards,

Suzy and Glenn Silver
