

INSTRUCTIONS NEW JERSEY REALTORS® SELLER'S PROPERTY CONDITION DISCLOSURE STATEMENT

COMPASS

©2018 New Jersey REALTORS®

Effective August 1, 2024, the New Jersey Real Estate Consumer Protection Enhancement Act, <u>P.L.2024,c32</u>, requires sellers of residential property located in New Jersey to complete and sign a property condition disclosure statement as promulgated by the New Jersey Division of Consumer Affairs pursuant to <u>N.J.A.C.</u> 13:45A-29.1. This requires all sellers of residential real estate to provide the property condition disclosure statement to a prospective buyer before the prospective buyer becomes obligated under any contract for the purchase of the property.

Additionally, the New Jersey Law of Flood Risk Notification, <u>P.L.2023,c93</u>, requires sellers of all real property located in New Jersey to make certain supplemental disclosures concerning flood risks on the "Flood Risk Addendum" incorporated within the property condition disclosure statement. As a result of these two laws:

- All sellers of residential property must complete Questions 1-108 on the property condition disclosure statement; and
- All sellers of **residential and non-residential (i.e. commercial)**, must complete the Flood Risk Addendum, Questions 109-117, on the property condition disclosure statement.

Moreover, regarding the property condition disclosure statement, the New Jersey Division of Consumer Affairs has provided the following instructions:

The purpose of the Property Condition Disclosure Statement ("Disclosure Statement"), including the Flood Risk Addendum, is to disclose the condition of the property, as of the date set forth on the Disclosure Statement or Flood Risk Addendum. The seller is under an obligation to disclose any known material defects in the property even if not addressed in this printed form. The seller alone is the source of all information contained in this form. All prospective buyers of the property are cautioned to carefully inspect the property and to carefully inspect the surrounding area for any off-site conditions that may adversely affect the property. Moreover, this Disclosure Statement is not intended to be a substitute for prospective buyer's hiring of qualified experts to inspect the property.

If a property consists of multiple units, systems and/or features, please provide complete answers on all such units, systems and/or features even if the question is phrased in the singular, such as if a duplex has multiple furnaces, water heaters, and fireplaces.

Pursuant to P.L. 2024, c.32, completion of questions 1 through 108 is mandatory for all sellers of residential real property in the State. Sellers of residential real property must answer these questions before the purchaser becomes obligated under any contract for the purchase of the property. Questions 1 through 108 must be answered to the best of the seller's knowledge, unless otherwise stated.

Pursuant to N.J.S.A. 56:8-19.2, completion of the "Flood Risk Addendum" questions 109 through 117 of the Disclosure Statement, is mandatory for all sellers of real property (including both residential and non-residential property). Sellers of real property must answer these questions before the purchaser becomes obligated under any contract for the purchase of the property. This is the case regardless of whether a seller completes questions 1-108 of the Disclosure Statement. Sellers must verify their answers to questions 109 and 110, and may do so using the Flood Risk Notification Tool located at flooddisclosure.nj.gov. Questions 111 through 117 must be answered based on the seller's actual knowledge.

A seller must execute a separate acknowledgement for each portion of the Disclosure Statement that the seller completes. If a seller does not answer questions 1 through 108, no acknowledgement is required for that portion. However, the mandatory Flood Risk Addendum must still be completed and acknowledged in all cases.

Lastly, **New Jersey REALTORS® Seller's Property Condition Disclosure Statement**, Form #140, includes an Addendum Regarding Statutory Disclosures & Other Items, Questions 118-136a, to be answered to the best of seller's knowledge as required by law.

NEW JERSEY REALTORS® SELLER'S PROPERTY CONDITION DISCLOSURE STATEMENT ADDENDUM REGARDING FLOOD RISK

©2018 New Jersey REALTORS®

Pursuant to N.J.S.A. 56:8-19.2, all Sellers of real property (including both residential and non-residential property) must complete questions 109-117 below.

472 473 474

475

476

471

Sellers of real property must answer these questions before the purchaser becomes obligated under any contract for the purchase of the Property. This is the case regardless of whether the Seller completes questions 1-108. Sellers must verify their answers to questions 109-110, and may do so using the Flood Risk Notification Tool located at njreal.to/flood-disclosure. Questions 111-117 must be answered based on the Seller's actual knowledge.

477 478 479

480

481

482

Flood risks in New Jersey are growing due to the effects of climate change. Coastal and inland areas may experience significant flooding now and in the near future, including in places that were not previously known to flood. For example, by 2050, it is likely that sea-level rise will meet or exceed 2.1 feet above 2000 levels, placing over 40,000 New Jersey properties at risk of permanent coastal flooding. In addition, precipitation intensity in New Jersey is increasing at levels significantly above historic trends, placing inland properties at greater risk of flash flooding. These and other coastal and inland flood risks are expected to increase within the life of a typical mortgage originated in or after 2020.

487

523 524 525 To learn more about these impacts, including the flood risk to your Property, visit <u>njreal.to/flood-disclosure</u>. To learn more about how to prepare for a flood emergency, visit <u>njreal.to/flood-planning</u>.

488 489 Yes Unknown No 490 109. Is any or all of the Property located wholly or partially in the Special Flood Hazard Area ("100-[] [**X**] 491 year floodplain") according to FEMA's current flood insurance rate maps for your area? 492 110. Is any or all of the Property located wholly or partially in a Moderate Risk Flood Hazard Area [] [**X**] 493 ("500-year floodplain") according to FEMA's current flood insurance rate maps for your area? 494 [] 111. Is the Property subject to any requirement under federal law to obtain and maintain flood [] [**X**] 495 insurance on the Property? 496 Properties in the special flood hazard area, also known as high risk flood zones, on FEMA's flood insurance rate 497 maps with mortgages from federally regulated or insured lenders are required to obtain and maintain flood insurance. 498 Even when not required, FEMA encourages property owners in high risk, moderate risk, and low risk flood zones 499 to purchase flood insurance that covers the structure and the personal property within the structure. Also note that 500 properties in coastal and riverine areas may be subject to increased risk of flooding over time due to projected sea level 501 rise and increased extreme storms caused by climate change which may not be reflected in current flood insurance rate 502 503 [] [X][] 112. Have you ever received assistance, or are you aware of any previous owners receiving assistance, 504 from FEMA, the U.S. Small Business Administration, or any other federal disaster flood assistance 505 for flood damage to the Property? 506 For properties that have received federal disaster assistance, the requirement to obtain flood insurance passes down 507 to all future owners. Failure to obtain and maintain flood insurance can result in an individual being ineligible for 508 future assistance. 509 [] [**x**] [] 113. Is there flood insurance on the Property? 510 A standard homeowner's insurance policy typically does not cover flood damage. You are encouraged to examine your 511 policy to determine whether you are covered. 512 [] [] 114. Is there a FEMA elevation certificate available for the Property? If so, the elevation certificate [**X**] 513 must be shared with the buyer. 514 An elevation certificate is a FEMA form, completed by a licensed surveyor or engineer. The form provides critical 515 information about the flood risk of the Property and is used by flood insurance providers under the National Flood 516 Insurance Program to help determine the appropriate flood insurance rating for the Property. A buyer may be able to 517 use the elevation certificate from a previous owner for their flood insurance policy. 518 115. Have you ever filed a claim for flood damage to the Property with any insurance provider, [] [**x**] [] 519 including the National Flood Insurance Program? 520 If the claim was approved, what was the amount received? \$ 521 522
