

ARTE
SURFSIDE

Arte, a one-of-a-kind collection of 16 exquisitely finished oceanfront residences, is the first-ever residential project in North America by the legendary Italian architecture and design partnership of Antonio Citterio and Patricia Viel in collaboration with Kobi Karp Architecture and Interior Design.

Arte embraces its privileged setting in Surfside, an exclusive seaside enclave celebrated for its historic architecture and wide, tranquil beaches. Every residence enjoys spectacular ocean views from private terraces that celebrate outdoor living in a warm, Mediterranean style, as well as first-class services and amenities that rival the world's most luxurious beachfront resorts.

The Lifestyle

NESTLED BETWEEN the exclusive enclaves of Indian Creek, Bay Harbor Islands, and Bal Harbour, home of the legendary Bal Harbour Shops, Surfside offers the best of many worlds.

Surfside is a quiet, pedestrian-friendly neighborhood removed from—but easily accessible to—the bustling energy of Miami and Miami Beach and their cultural, culinary, and shopping destinations. Arte is the newest and most exclusive building among several prestigious luxury hotels and residences, all designed by international architecture stars who are transforming Surfside into a new American Riviera.

“The building is designed around a Mediterranean way of life—moving freely from the interior to the exterior. Being able to enjoy a meal outdoors with friends, enjoying the sounds and smell of the ocean—this was essential.”

— ANTONIO CITTERIO

The Amenities

ARTE FEATURES AN impressive suite of luxury, resort-style amenities with the courtesy afforded by an expert, sincerely attentive staff. A collection of spa offerings includes a 75' indoor lap pool with travertine decking and onyx accents, sauna and steam room. Sunbathers and solitude seekers alike are cared for with dedicated beach service. Wellness and recreation spaces are complete with an outdoor swimming pool, open-air meditation pond, state-of-the-art fitness center, yoga studio and rooftop tennis court. A residents' lounge with catering kitchen and children's playroom offer dedicated spaces for out-of-home entertaining.

The discreet lobby is furnished with pieces designed by Antonio Citterio, anchored by the entry's centerpiece, *Polychromatic Chronology* 2016, by acclaimed artist Olafur Eliasson.

The Residences

DRAWING INSPIRATION FROM classic European apartments of the 1920s and '30s, Italian Modernist master Antonio Citterio combines architectural virtuosity with a purist sensibility, weaving a richly layered world of tactile wonder. Each highly individual residence is designed to maintain privacy between entertaining areas and bedrooms. Soaring floor-to-ceiling glass windows allow the flow of abundant natural light and frame the prized views of the Atlantic Ocean and Miami skylines. Expansive, deep terraces with Brazilian ipe decking are wrapped in travertine and offer seamless indoor and outdoor living. Wide plank 11" European white oak flooring accentuates the impressive layouts and offsets the bronze detailing and architectural travertine seen throughout.

Generous living spaces offer modern, open layouts and vast ocean views from oversized terraces.

Expansive terraces offer seamless indoor/outdoor living spaces framed by sweeping views of the Atlantic.

“Travertine is a very special stone with an unparalleled historic importance as the building material of choice in ancient Rome. It has a beautiful color and a very pronounced layering compared with other types of limestone.”

— ANTONIO CITTERIO

Featuring a sculptural, wrap-around pergola sheathed in botanic green quartzite, the triplex penthouse with a private rooftop terrace and pool enjoys a privileged ocean view from all vantage points.

Epicurean kitchens are outfitted with millwork by Poliform, marble countertops and a suite of Gaggenau appliances.

Corner master bedroom suites feature private terraces and enjoy dramatic views through expansive apertures.

Swaths of nuanced natural stones, Byron marble countertops, custom oak cabinetry and brushed bronze embellishments imbue master bathrooms with an aura of refined relaxation.

Gracious master baths feature a full-height glass shower, sculptural stone soaking tub and Roman travertine floors and walls.

The APT Team has marketed and sold the most exclusive properties in developments in Miami for over 14 years, including most recently the \$700M Park Grove development envisioned by Rem Koolhaas and Shohei Shigematsu. Park Grove has translated into an iconic address rising above Coconut Grove's skyline, crowned by One Park Grovr delivered in May 2020. 'Addressing luxury living with APT-itude, not attitude is their motto. With a portfolio that caters to discerning clients and including every property type from the area's best single-family homes to oceanfront condos to multi million dollar developments, every client can expect exceptional service, as evidenced by their expanding client list, impressive track record and large percentage of referral business. Understanding well how interconnections and global synergies benefit their customers, the APT Team has established a strong network of buyers, sellers and brokers that encompasses the U.S, Europe and Latin America. Of course, it also is a strong plus that they very hard working and unwavering, are fluent in Spanish, English, French, German and are very comfortable with Portuguese. From the first contact with their customer to the negotiating table, they firmly believe that serving their clientele is a privilege, not a right. As industry leaders, they know that they key to long-standing success is anticipating and exceeding customer needs and creating innovative marketing and business initiatives for the leading edge. They continuously strive to be better, quicker and more responsive to each of their customer's needs and preferences so that he or she chooses to continue doing business with them. Yes, they can and do evolve as business circumstances demand. But, they don't get hung up with momentary enthusiasm or get caught up in the hype. Their clientele is as diverse as their needs from celebrities to couples, from hedge fund managers to international companies, from retiring baby boomers to seasoned buyers and sellers and first-time Miami owners. They have established a customer portfolio that is varied and no transaction is ever too big or too small. What's more, they can pride themselves in saying that at least 65% of their business is referral-based.
