

RESIDENCE A FLOORPLAN

DESCRIPTION

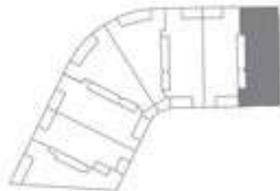

Bedrooms: 4
Bathrooms: 5.5
Dens: 1

SIZE

Interior: 4,639 SqFt
Exterior: 459 SqFt
Total: 5,098 SqFt

All dimensions of matters of detail shown herein, including, without limitation, items of Fixt, Furniture and Decoration, are conceptual only and are not necessarily included in the Unit. Furnishings are only included if and to the extent provided in your purchase agreement. Stated square footages and dimensions shown herein are approximate and are measured to the exterior face of exterior walls and to the center line of defining walls. The method of measurement varies from unit to unit and is larger than the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only include the interior volume between the perimeter walls and excludes interior structural components). For your reference, the area of the Unit determined in accordance with these defined and standards, is referred to as the "Gross Area" in the Declaration included in the Prospectus. Note that measurements of rooms and fixtures on this floor plan are generally taken at the greatest points of each room area (as if the room were a perfect rectangle), without regard for any alcoves. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the stated lengths times width. All dimensions are approximate and may vary with actual construction, and all floor plans, specifications and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development.
