

What We Love

About the House...

We have just loved our life at 140 Cypress Manor Ln.

Here are a few of the highlights we will fondly remember from our time here:

-Sitting on the back patio in the afternoons. Because of the way the sun hits, it's shaded by the house starting early afternoon so sitting outside is just so peaceful and lovely

-The putting green is so much fun! We will go out after dinner and just putt around for fun or have our own family competitions!

-The sound system throughout the house and outside. We have music playing all the time!

-Location! It is convenient to everything! Easy to get downtown, 5 points, Watkinsville, 316...everywhere we need to go is super accessible.

-I love the brick color-it's truly timeless!

-I love the trim throughout the house that gives the home such an elevated feel, especially in the primary bedroom.

-The garage is spacious and has made for great storage.

-The neighborhood is a great place to run or walk- Lots of path options on Timothy.
