

What We Love

About the House...

A Peaceful Retreat with Stunning Sunsets and Breezy Charm

The house is tucked away on a quiet cul-de-sac, and offers the perfect blend of beauty, comfort, and serenity. From the moment you arrive, the curb appeal and sweeping views set the tone for something truly special. Whether you're watching the sun dip below the horizon on the back deck (my favorite spot for a glass of wine after a hard day) or enjoying the gentle evening breeze, every day here feels like a retreat.

I always loved the abundance of natural light pouring in from the windows that really brought such a welcoming feel to the great room and dining area.

The primary suite is my private haven with two generous closets, a separate water closet, and a luxurious soaking tub which I have just LOVED unwinding in after a long day. Each additional bedroom also has ample space and storage, making this home as practical as it is beautiful.

With its ideal layout, abundant light, and peaceful setting, this home captures the essence of relaxed elegance. For me, it has been more than a place to live, but a place to exhale and be at peace.
